NEWARK, OHIO, TUESDAY EVENING, MARCH 16, 1920

TEN CENTS A WEEK

## Uncertainty Exists Over Berlin Situation

SENATE MAY VOTE  
ON RATIFICATION  
BEFORE SATURDAYWilson Supporters Not  
Afraid That Pact Will  
Be Approved.PRESIDENT MAY NOT ACCEPT  
ARTICLE 10 RESERVATIONSenators Believe Time For  
Long Speeches Has  
Been Passed.

Washington, March 16.—Senate leaders worked today for an agreement to vote on ratification of the peace treaty this week, so that the pact might be sent to President Wilson or laid aside to permit consideration of other business.

If the ratification vote fails of the necessary two-thirds majority, a motion to reconsider is expected immediately, probably by majority leaders, in the hope of stampeding some of the opposition into changing their votes. It was admitted the situation held many possibilities, in view of the urgent representations that have been made for ratifying the treaty to stabilize world conditions.

Adoption yesterday of the substitute reservation to Article 10, by a vote of 56 to 25, removed the last obstacle to a vote on the treaty itself, although a number of other questions remain to be settled first. Fourteen Democrats voted with the majority, but that number was less than half of the strength which ardent ratificationists had promised to deliver.

Administration leaders seemed without fear that their forces would crumble sufficiently to enable the Republicans to ratify the pact with the objectionable reservation to Article 10, which President Wilson let it be known through Senator Hitchcock he would not accept.

The preamble to the treaty is one of the minor questions to be considered before ratification vote is taken. Another is Senator Owens' proposal that the British protectorate over Egypt should be regarded as a measure to preserve the integrity and independence of Egypt during the war, which was to be taken up today.

With the disposal of the Article 10 qualification, the limit on debate expired. In the opinion of most senators, it will not be necessary to restrict speeches again.

ANTHRACITE MINERS  
RENEW CONFERENCE

New York, March 16.—The subcommittee of operators and miners appointed to negotiate a new wage scale agreement for the anthracite coal miners, resumed its conferences here today. Whether the mine workers and the employers are going to reach an amicable agreement by April 1 when the present agreement expires depends upon the action of this committee.

The demands of the miners having been discussed generally during last week's conference, the committee will now take up each clause and definitely dispose of it. The operators will also present several counter proposals, it is stated, which will be considered.

The main issues to be disposed of will be the hard coal workers' demands for a 60 per cent increase, a five day week, a six hour day and a "closed shop."

TROOPS AT LEIPSIK  
KILL 20 PERSONS

London, March 16.—During a demonstration at Leipzig yesterday troops fired on a crowd killing more than 20 persons and wounding about 50, says the Copenhagen correspondent of the Central News.

Reports received in Copenhagen, the correspondent adds state that fighting continues in many parts of Germany. The worst news came from the Ruhr, where a council republic has been proclaimed at Essen and in the Ruhr district. The civil and military authorities at Cassel and Oldenburg are said to be supporting the Ebert government.

WOMAN SUFFERS BURNS  
IN EXPLOSION OF GAS

Mrs Emmett McDaniels was seriously injured about the face and head at her home in Linden avenue at noon today.

About 11 o'clock Mrs. McDaniels was working about the stove, thinking the gas was lighted in it. She attempted to light another part of the stove when the explosion occurred. Her face was badly burned and a part of the hair was burned from her head.

Dr. Carl Evans was called to dress her injuries.

## BUILDING INCREASES.

New York, March 16.—Building contracts awarded north of the Ohio and east of the Missouri rivers for the first two months of 1920 outstripped any similar period on record by a vast margin according to statistics of the F. W. Dodge company, made public here today. The total for the two months was \$452,511,000. It was only \$147,824,000 for the same period in 1919 and \$279,779,000 in 1918.

NEW COMMANDER  
OF GERMAN ARMY

Maj. Gen. Baron von Luetwitz.

Maj. Gen. Baron von Luetwitz is commander-in-chief of the German military forces under the new regime.

WARNS CITIES OF  
DANGER OF LOSING  
INTERURBAN LINESKelsey Schoepf Declares  
State, County and City  
Restrictions Are Strangling  
Electric Lines.

Springfield, March 16.—Plans for a financial reorganization of the Ohio Electric Railway system are being considered at a conference in Springfield today of Ohio Electric Railway company officials.

"It will require \$5,000,000 to meet the needs of the 620 miles of the Ohio Electric Railway company to put the lines in shape for the future," said W. Kelsey Schoepf, who is conferring with Day and Zimmerman, operating and construction engineers of Philadelphia, and company officials.

"We cannot continue piling up debt," said Mr. Schoepf. "The sales in the past few years have amounted to several million dollars. We cannot make up the loss with the restrictions of the state, counties and municipalities."

Continuing he said "the municipalities have got to appreciate the fact that they are going to lose the services of the lines unless they are more liberal in meeting the utilities' needs and views."

President Schoepf said that it will take several weeks to complete the survey.

GIRL WINS SUIT FOR  
\$18,000 JUDGMENT

Columbus, March 16.—Frances Steed, a 14-year-old girl, won her suit against the Cleveland Railway company when the supreme court today affirmed the \$18,000 judgment awarded her for injuries received as a result of an accident on a car on which she was a passenger. Alex Harrigerty, of Lima, will have to serve a penitentiary sentence for stealing a half of gray worth \$5. The court refused to grant him a new trial. He was convicted for burglary and larceny.

Notaries public in taking depositions, may commit a witness to jail for contempt for refusing to answer questions or produce books and records, the court held in cases from Hamilton and Richland counties. In the Hamilton county case, Kaufman Koppel had been committed to jail by a notary public for refusing to answer questions.

## PERUVIAN LEGATION ATTACKED.

Lima, Peru, March 15.—The Peruvian legation at La Paz, the Bolivian capital, was attacked last night by a mob of a thousand according to official reports received this morning by Peruvian foreign officials. The Peruvian consulate and private residences of Peruvians were also attacked, the dispatches declare.

KAPP MUST BEAT  
STRIKE IF HE IS  
TO KEEP POWERGeneral Walkout Paralyzes  
Industry In German  
Capital.CAN'T MAINTAIN GOVERNMENT  
UNDER THESE CONDITIONSHas No Support Other  
Than That Given By  
His Armed Forces.

Berlin, March 15 (Monday)—Heavy troop reinforcements were received today by the new government in Berlin. They marched into Berlin from nearby garrisons.

Chancellor Kapp, who was carried into office at the point of 8,000 bayonets three days ago, thus far has been able to produce only military backing for his government. The basis of his political authority and the source of the support other than military which he claims continue to make matters of profound mystery.

Notwithstanding this he appears buoyant with optimism born of conviction that the insurrection which he heads will win the people.

Today he locked horns with organized German labor in a struggle for mastery. If the general strike, which is already paralyzing Berlin by reason of its unexpected ramifications and which is reported swiftly spreading to the nation's vital industrial centers should be maintained for only three days, the view of man observers here is that it would be unreasonable to assume that Kapp will be able to establish his government firmly, despite his armed forces.

CADDOCK'S COLLAR  
BONE IS FRACTURED

New York, March 16.—"Strangler" Lewis, of Lexington, Ky., threw Earl Caddock, former wrestling champion, in a catch-as-catch can bout at Madison Square Garden last night with a head and hip lock in 1 hour, 35 minutes and 45 seconds.

Caddock was thrown with a flying headlock and fell heavily beneath Lewis. An examination by surgeons after the bout revealed that the right collar bone had been fractured.

Jim London, Greek, threw Salvatore Chevalier, of France, in catch-as-catch-can match in 36 minutes and 32 seconds with a body scissors and double wristlock.

WESTERN TOWNS SHOW  
POPULATION INCREASE

Washington, March 16.—Population statistics for 1920 announced today by the census included Amarillo, Texas, 18,494, an increase of 537 or 3.5.6 per cent over 1910; Mitchell, S. D., 8,478, increase 1963 or 30.1 per cent; Madison, S. D., 4,144, increase 1002 or 32.1 per cent; Creston, Iowa, 8034, increase 1110, or 16.0 per cent; Stevens Point, Wis., 11,370, increase 2678, or 30.5 per cent; Eldorado, Kans., 10,995, increase 7586 or 251.4 per cent.

LEADS AMERICAN  
TROOPS ON RHINE

Major General Henry T. Allen.

Major General Henry T. Allen is in command of the American forces on the Rhine, numbering about 13,000. As the United States is still technically at war with Germany, American troops in that country are on an entirely different footing from the French or British.

WILL HE BE NEXT  
GERMAN PRESIDENT?

General von Hindenburg's latest picture.

If the Fatherland party, now in control in Berlin, remains dominant and Germany continues a republic, there is considerable likelihood that General von Hindenburg will succeed Ebert as president. It was announced some time ago that Hindenburg was the choice of the Fatherland party for the presidency.

GEN. WOOD LEADS  
SEN. JOHNSON IN  
FIRST PRIMARYHas 4000 Plurality Over  
California Man While  
Herbert Hoover Develops  
Unexpected Strength.

St. Paul, Minn., March 16.—Minnesota's Republican preference primary, held last night in rain, sleet and snow storms and terrific gales, gave Major General Leonard Wood a plurality of 4,000 votes over Senator Hiram Johnson of California on the face of available returns. Herbert Hoover, not an avowed candidate, received such strong support in St. Paul and Minneapolis, that returns from 450 precincts showed him leading Governor Frank O. Lowden of Illinois by more than 1,000 votes. The latest tabulation showed the following vote:

Wood, 12,627; Johnson, 8,517; Hoover, 4,486, and Lowden, 3,510.

The totals include a majority of the precincts in St. Paul and Minneapolis. The returns from the rural districts were very slow coming in and late in the night all were protested by the high winds and snow. In most counties the polls were open only from 7:30 to 8:30 p. m.

CITY EDITOR IS HELD  
IN CONTEMPT OF COURT

Chicago, March 16.—Hector E. Ellwell, city editor of the Chicago Evening American was at liberty today under a stay from a jail sentence and a fine of \$500, imposed by Federal Judge Carpenter for refusing to reply to questions asked by a federal grand jury. Judge Carpenter entered an order yesterday finding Ellwell guilty of contempt of court and sentenced him to the county jail until he expressed readiness to answer the jurors.

A stay order for ten days was obtained by attorneys for Ellwell, who said:

"We consider the point involved so important to newspapers in general that we intend to carry this case to the highest court."

Ellwell refused to disclose the source of a news story concerning action against W. H. Saxe, head of the Chicago Bureau, charged with enforcement of the anti-lynch law.

ALLIANCE POLICE FORCE  
RESIGNS; WANT INCREASE

Alliance, March 16.—A petition was presented to the police at a meeting of the city council last night asking for an increase of pay. Members of the city council were willing to make the advance to the city's protectors but were unable to do so because of lack of funds. As a result the entire police force tendered their resignation to the city council at 6 o'clock Saturday evening.

PARIS SAYS GERMAN FACTIONS  
PARLEY; STUTTGART DENIES ITHERE IS NEW TEXT OF  
ARTICLE 10 IN TREATY

The U. S. assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces, its resources, or any form of economic discrimination, or to interfere in any way in controversies between nations, including all controversies relating to territorial integrity or political independence, whether members of the league or not, under the provisions of Article 10, or to employ the military or naval forces of the U. S. under any purpose, unless in any particular case the Congress, which, under the constitution, has the sole power to declare war or authorize the employment of the military or naval forces of the U. S. shall in the exercise of full liberty of action, by act or joint resolution so provide. Text of Article X, as approved by the U. S. senate.

SIMS FEARED AN  
ATTACK BY HUNS  
ON TRANSPORTSTells Senate Committee  
That a Bluff on Germany's  
Part Would Have  
Paralyzed Shipping.

Washington, March 16.—A little "bluff" on the part of the Germans in 1918, at the crucial point of the war, would have paralyzed transportation of soldiers and war materials between this country and Europe, Rear Admiral Sims told the senate naval subcommittee.

Information from authentic sources, indicating that the Germans were building two in a day of modern battle cruisers for a desperate last hope raid against troop convoys, was transmitted to the navy department. Admiral Sims said, and immediately he was besieged with cablegrams from Washington outlining various plans of action, all of which, he said, were impractical, although such a contingency had been under discussion for nearly a year and there had been ample time to prepare.

"If the enemy had only known," said Admiral Sims, "all he need have done was to make a series of bluffs, involving little risk to himself and we would have done the rest. Shipping would have been paralyzed."

POMERENE BREAKS  
WITH PRES. WILSON

Washington, March 16.—Senator Allee Pomerene, of Ohio, Democrat, has broken with President Wilson in so far as the president's irrevocable attitude against reservations to the peace treaty is concerned.

He is preparing for delivery in the senate this week a speech in which he will set forth his views. Senator Pomerene has refused to ratify the treaty without amendment and without reservations, but he will take the position, it is understood, that since it now is apparent that unconditional ratification cannot be accomplished, no senator can justify himself if he votes to reject the treaty which contains no reservations for the preservation of international peace because he cannot obtain all that he desires.

In his speech Senator Pomerene is expected to serve notice that he will not follow either of those who insist upon unconditional ratification or those who are irreconcilably against any league of nations.

GENERAL WOOD GETS  
LEAVE OF ABSENCE

Washington, March 16.—Major General Leonard Wood today asked for and was granted a two months' leave of absence to conduct his campaign for Republican nomination for president.

Major General George Bell, Jr., now commanding Camp Grant, Illinois, will act as head of the central department of the army with headquarters at Chicago during General Wood's leave of absence.

HINDENBURG ADVISES  
DR. KAPP TO RESIGN

Cologne, March 16.—The resignation of Dr. Kapp, chancellor of the new government in Berlin, is considered imminent. It was declared today in reports received here. Field Marshal von Hindenburg has written to Dr. Kapp advising him to withdraw.

WOUNDED SOLDIER ELECTRO-  
CUT.

New Philadelphia, March 16.—Benjamin Capprette, aged 32, ex-serviceman who was wounded at the Verdun front, was electrocuted while preparing to cut coal with a machine in a local mine at Mullins.

EBERT HEADQUARTERS SAYS ONLY UNCONDI-  
TIONAL RESIGNATION OF NEW OFFICIALS  
WILL BE ACCEPTED.SWISS REPORT SAYS JUNKERS KICK  
ON CARRYING OUT TREATY AGREEMENTParis Dispatch Declares Report of Negotiations Is Con-  
firmed—Kapp Seeks to Get Cabinet Suitable to His  
Followers—News Is Conflicting.

Paris, March 16.—Dispatches received by the French foreign office today affirm the truth of reports that negotiations are going between the Ebert and Kapp governments in Germany.

Dr. Gradnauer, Socialist president of the cabinet of Saxony is declared to be acting as intermediary in an endeavor to bring about a compromise through which there might be a consolidation of the party for the formation of a cabinet under normal conditions.

The efforts of Chancellor Kapp's followers now appear according to French advices to be directed towards the elimination from the cabinet of the ministers most objectionable to the Kapp following, and to bring about a shifting of power in the direction of conservatism.

According to the French dispatches it is beginning to appear as if Dr. Kapp and his active supporters brought forward what might be called "storm troops" to try the ground and see what could be done while the real leaders of the reactionary idea remained in the background awaiting developments.

## WOULD VIOLATE TREATY.

Geneva, March 16.—One of the conditions proposed to the Ebert cabinet by General Von Lutwitz was that demobilization of the army of the empire, so provided by the Versailles treaty, must not be executed and war materials not destroyed, according to Premier Bauer of the old government, says a Stuttgart dispatch to the Zurich Zeitung.

Premier Bauer also quoted General Von Lutwitz as saying that the empire, instead should prepare for a new war. The premier added:

"After such condition, what aims Kapp and his accomplices are pursuing can be judged."

## EBERT REFUSES TO NEGOTIATE.

Stuttgart, March 15.—Refusal to negotiate with the reactionary faction headed by Dr. Wolfgang Kapp, head of the new government at Berlin, was decided upon here today by the council of the old cabinet, over which President Ebert presided. Unconditional resignation of the leaders of the new government was demanded by the Ebert cabinet which arrived here this afternoon by a special train from Dresden. The national assembly will meet in this city Wednesday afternoon at 4 o'clock.

Announcement was made that the Ebert government is in contact with almost all points in Germany.

"The constitutional government," reads an official announcement, "refuses to negotiate, being responsible to the people for the maintenance of the constitution and negotiations would only occasion distrust and confusion and would prolong disorders."

GERMANY NOW FACES  
SERIOUS CIVIL WAR

(By Associated Press.)

Civil war seems imminent in Germany, as a result of the refusal of the Ebert government now sitting at Stuttgart to carry on negotiations with the reactionary regime, which seized the power suddenly last Saturday morning. Unconditional surrender of the men directed by the new government is demanded by President Ebert who announced he will continue to direct the affairs of the troubled country from Wurtemberg. The German national assembly will meet in Stuttgart tomorrow afternoon at 4 o'clock.

Berlin is in the grip of a general strike called by socialists and labor leaders as a counter strike to the assumption of power by the government headed by Dr. Wolfgang Kapp, who has issued a decree threatening all strike leaders and pickets with death if there is interference with vital public services. Extreme measures will be taken under the decree from 4 o'clock this afternoon, and it is possible the crisis of the new revolution will quickly follow.

Details of the situation throughout Germany are somewhat obscure, but there seems to be reason to believe the Ebert government is still holding control in the southern and western sections.

HINDENBURG DENIES HE HAS PART  
IN REVOLT—MAKES FORMAL STATEMENT

Copenhagen, March 16.—Field Marshal von Hindenburg, former commander in chief of the German army, has made a public declaration that he is not connected with the counter revolution, of which he is supposed to be the mastermind, says the Dannebrog Telegram.

Paris, March 16.—(Havas).—The general strike is effective throughout Germany and only food trains are running, according to advices. Severe fighting is reported from Dresden, Leipzig, Brandenburg and Cuesnitz.

London, March 16.—Mathias Erbeberger, former member of the Ebert government of Germany, has been placed under arrest, according to a dispatch to the Associated Press from Berlin. It is said some 100,000 are openly advocating joining the Ebert government.

STRIKE MAY BRING  
FAMINE AND DISEASE

Fighting is reported at various points throughout Germany and it is said there was bloodshed in suburbs of Berlin yesterday, but it would seem the clashes so far reported have been militia units and disorderly forces.

So far as is known marked forces of the two governments have not come into collision.

Berlin, March 15.—Men who act as leaders or pickets in the general strike called in this city as a protest against the reactionary revolt are threatened with the death penalty in a proclamation issued today by Dr. Wolfgang Kapp, the new chancellor.

The order for the infliction of capital punishment will be effective after 4 o'clock Tuesday afternoon and is based on the decree prohibiting any strike or passive resistance in any vital service, which was issued earlier in the day by the minister of defense. The chancellor's proclamation follows:

"Ring leaders who are guilty of acts (Continued on Page 2, Col. 1)

The new rulers are trying to make the people believe the constitutional government has entered into negotiations with Dr. Kapp. General Erbeberger, acting as mediator, has withdrawn.

Paris, March 16.—(Havas).—The general strike is effective throughout Germany and only food trains are running, according to advices. Severe fighting is reported from Dresden, Leipzig, Brandenburg and Cuesnitz.

Berlin, March 16.—(Havas).—The general strike is effective throughout Germany and only food trains are running, according to advices. Severe fighting is reported from Dresden, Leipzig, Brandenburg and Cuesnitz.

PARIS SAYS GERMAN FACTIONS

specified in the decree for safeguarding important services and for the protection of labor and peace will, as well as strike pickets, be punished with death. This decree is effective from 4 p. m. Tuesday.

There is intense anxiety over the prospect of a continuance of the strike with a possibility of famine and epidemics resulting from the lack of sanitation and the stoppage of the water supply.

No world capital probably ever before experienced such a complete paralysis of all its living and commercial facilities as Berlin did today.

The hotel Adlon made heroic efforts to provide food for the American, British and French missions and newspaper correspondents, but it gave up the task at 10 o'clock this morning when the last of the kitchen force walked out, leaving foreigners to shift for themselves. It was a common spectacle subsequently to see frock-coated diplomats returning to the hotel from jaunting expeditions carrying brown paper parcels, foodstuffs, oil stoves and other necessities.

Guests of the hotel, warned that the water would be shut off at noon, filled the baths and wash stands, but defective stoppers gradually let out the precious fluid and the guests thereafter had to rely on wines and table water. Men who are usually shaved by barbers are in an apologetic mood tonight and if the strike continues the male population will soon be bearded.

The city this afternoon has the appearance of another Sunday holiday, sauntering crowds filling Unter den Linden. At intervals troops with bands and accompanied by artillery and machine guns paraded through the street.

EXPECT EBERT GOVT. TO REGAIN CONTROL

Washington, March 16.—Restoration of the authority of the Ebert government with sporadic outbreaks throughout Germany are expected by military officials here who interpret dispatches from Colonel Edward Davis, military attaché at Berlin, as indicating that the coup d'état is not as serious as had at first been supposed.

The calling of a general strike by the Ebert cabinet is regarded here as certain to encourage the more radical elements of the German nation to make another attempt at revolution and overthrow of capitalistic society. But while the recurrence of violence in the large cities similar to the Spartacist revolts last year is looked for, the so-called sympathizers in Germany are said to constitute so small a minority that serious trouble need not be expected.

PREMIER DECLARES VENTURE WILL FAIL

Dresden, March 15.—Communications between this city and all parts of Germany are being safeguarded, said a proclamation issued here today by the Ebert government.

"Certain as it is that the Berlin venture will collapse, the only weakness and confusion," the proclamation declared, "the fatal political and economic consequences of this step are to be deplored. All authorities are asked to assist German national assemblymen to reach Stuttgart."

Dr. Goepfert, president of the German peace commission had declined to take orders from Berlin, stating that he maintains all the rights of the Ebert government and that he is continuing to work for the execution of the peace treaty.

NEW GOVERNMENT SET UP BY BAVARIAN CITY

London, March 16.—A new government was formed at Munich, Bavaria, yesterday composed of Democrats and the center party, according to a Copenhagen dispatch to the Central News. The new government will meet today the dispatch says.

15 REPORTED KILLED IN GERMAN CLASH

Berlin, March 16.—Fifteen persons are reported to have been killed and many wounded in fighting yesterday at Steglitz, in the southwest outskirts of Berlin. At Charlottenburg, a western suburb of Berlin, four persons are said to have been killed and six wounded as a result of collision.

TROOPS KILL GIRL WORKERS EXCITED

London, March 16.—The working classes are much excited against the Kapp administration as a consequence of the shooting of a young girl in the Berlin railway station and the killing of four persons in the north German industrial district by troops, according to a Berlin dispatch to the Evening News.

CELEBRATES HIS 95TH BIRTHDAY WITH A WALK

Delaware, March 16.—Captain A. R. Freshwater yesterday celebrated his 95th birthday anniversary by taking a walk up to the top of the highest mountain he received many friends at the noon hour. He attributes regular habits as one of the reasons for his many years and good health.

CAR THIEVES CAPTURED

Cleveland, March 16.—Four alleged car thieves were captured, one of them slightly wounded in a pistol battle early today with New York Central railway police while the men, according to the police, were riding a car of sugar in the Collinwood yards. Search of the home of the men, police say, disclosed sugar valued at \$1,750.

reaches Newark with attacking Mrs. Cecelia Summers was placed in Jeffersonville reformatory when crowd stormed jail demanding custody of the man so they could lynch him.

Miss Genevieve Anderson impersonating Spring.

Spring fantasies are being rehearsed by the girls of Mills College, Oakland, Cal. Above is shown Miss Genevieve Anderson of Denver, one of the star athletes of the college, impersonating Spring on the college grounds.

TWO OF 22 HUSBANDS HUNT FOR MISSING WIFE

Dayton, March 16.—Claiming that their "wife" has 22 husbands and is divorced from none of them, Tiffie Sallie, of Cincinnati, and James Nick of Dayton jointly asked police today to arrest Margaret Foster, 21, on a charge of bigamy. She is now said to be in Springfield.

Sallie claims she married the woman at Cheviot, Ohio, February 16, 1920, and Nick claims to have wed her March 16. Both are joining in the hunt for their common wife.

MOTHER FORCES TWO CHILDREN TO TAKE POISON

Mt. Vernon, March 16.—Forcing her two children, aged four and one year, to drink a mixture of wood alcohol and chloroform and then drinking it herself, Mrs. Winnie Prosser of North Liberty, and the children are in a critical condition. Mrs. Prosser had separated from her husband and it is believed recent illness and domestic worry caused her to attempt the lives of her family.

CINCINNATI MAN IS ENDORSED FOR SENATOR

Columbus, March 16.—W. A. Julian, Cincinnati, has been endorsed as the Democratic candidate for United States senator by the Hocking and Butler county committees, according to an announcement made at state Democratic headquarters today.

Naturalization Examiner H. J. Groff, of Pittsburgh, was in the city this morning and conducted an examination of foreigners desiring to become citizens of the United States. The examination took place before Judge T. B. Fulton and there were 23 applicants but all Austrians, Germans and Hungarians were refused until the treaty shall have been signed, when they may again apply. Three of the applicants were admitted to citizenship, Tomasso Sacchetti, an Italian who served in the United States army, Abraham Orlean, an Austro-Hungarian, who also served in the U. S. army, and Frank Guanale, an Italian, who passed the regular examination.

FINDS BODY IN CISTERN

Toledo, March 16.—Clad in night dress, the body of Mrs. Lucy Dean, 89 years old, was found at the bottom of a cistern here early today by her son. The coroner gave a verdict of suicide. The woman had suffered repeated repeated paralytic strokes and depression is supposed to have caused her to take her life.

WIRE BRIEFS

Washington—House passed bill allowing sale 5,000,000 barrels soft wheat flour on long term credit to Poland, Austria and Armenia.

Denver—John D. Rockefeller, Jr., retires as member board directors of Colorado Fuel and Iron company during annual stockholders' meeting.

Bloomington—Indiana defeated Michigan 18 to 16 in last game western conference basketball season.

Lima—One man was killed and two were injured when Ohio Electric freight car and trailer rolled over 12-foot embankment.

Youngstown—Police believe arrest of two men at Detroit solves mystery of murder of A. Verucchi, bank cashier, on January 11 last.

Photograph Alarm Clock.

The daily torture of the teller's aural nerve by a strident alarm clock can be avoided in several ways. He may sleep all morning, or he may buy a gentle awakener now on the market. This new alarm clock rings no bell at the rising hour; instead, it starts a phonograph! Think of the delight of being awakened by the strains of "I Don't Care If You Never Come Back," or "Everybody Wants the Key to My Cellar."—Popular Mechanics Magazine.

Physic If He's Sick.

One day the new physics instructor came into our assembly room and said: "All those who expect to take any physics this year may come with me." Then he wondered why we laughed.—Boys' Life.

Prince and Princess Etel Friedrich.

Prince Etel Friedrich, who is quoted by a Paris newspaper as being slated for the German throne by the new revolutionary party, is the second son of the former emperor, having been born in July, 1883, at Potsdam, one year after the former crown prince, his brother. He has been mentioned on numerous occasions by the reactionaries as their candidate should the Hohenzollerns be reinstated.

**NEW MANAGER TAKES CHARGE AT DEACON'S**

W. E. Deacon, of Zanesville, general manager of the Deacon markets, which consist of 20 stores in Ohio towns, is in Newark today assisting in the transfer of managers of the Deacon market in the Arcade.

Carl Davy, who has been manager of the local store since the opening last June, has resigned his position and will devote his time to other interests. J. M. Moore, formerly manager of Deacon's East Main street store in Zanesville, succeeds Mr. Davy as manager of the Newark store. Mr. Moore has been in the employ of the Deacon company for a long time and is fully capable in every way to discharge the duties of manager of the local branch. For some months he has successfully managed the East Main street store of the company in Zanesville, which is one of the larger stores of the Deacon chain. He is familiar with all details of the grocery and meat business.

The Deacon market in Newark has enjoyed a prosperous and steady growth in business ever since the opening day. This store carries a full and complete line of meats and groceries and sells at attractive prices.

**SERMON TO YOUNG MEN.**  
An interesting evangelistic service is in progress at the East Main street Methodist church, which will continue to Palm Sunday. The pastor, Rev. J. E. Myers, is the evangelist and will speak tonight specially to young men. His subject will be "A Model Young Man." He will take young David as his model. Wednesday evening will be Sunday school night. A most interesting service is anticipated with every teacher and pupil present with all their friends. The new song books are expected at any time.

"AMERICANIZER" QUILTS JOB.

O. T. Corson, politico-educator, and head of the so-called Americanization committee of the late legislature, has resigned his \$5,000 job and his \$3,000 assistant is looking after the "work" until the Republican majority finds someone to take Corson's place. This committee, with some of its \$25,000 still unspent, remains on the job, although the legislature has adjourned.

Mr. Corson was selected on the order of the party bosses. He always has been a bitter partisan. Democratic members of the committee had nothing to say concerning his appointment and will have nothing to say concerning the naming of his successor.

NEVER AGAIN G. O. P.

Reorganization of state offices and departments is becoming a popular slogan with the G. O. P. candidates for governor. After witnessing the G. O. P. legislative fiasco and the work of its committee named for reorganization of state offices, it is quite likely that if there is any reorganizing done the people of Ohio will place it in the hands of a party leadership that is responsive to popular will and that has demonstrated its reliability, dependability, efficiency and fairness.

THE NEWBERRY TRIAL.

The end of the Newberry trial is in sight. The public has read the evidence with much interest and will await the verdict of the jury with even greater eagerness. Press reports of the trial make it plain that "money flowed like water." The Republican majority is only two in the Senate. If Newberry is removed the majority narrows down to one. That is the reason G. O. P. leaders are "standing by Newberry."

Mayor Harry Davis of Cleveland has quit his job to make the race for governor. The esteemed mayor, having put Cleveland so far in debt that millions yet unborn must pay the bill, now, like Alexander, sighs for more work to conquer. Ohio look good to him, and if he wins this campaign tax spender will be in his glory.

United States Steel is declared a good trust. This decision is enthusiastically applauded as just and righteous by those who have steel stock, and is denounced as a perversion of justice by those who haven't any.

And the man who saved the day for suffrage in West Virginia manufactures cigarettes.

THE ADVOCATE'S MATHING POT

The least change in our point of view, gives the whole world a pictorial air. A man who seldom rides needs only to get into a coach and traverse his own town, to turn the streets into a puppet-show.—Emerson.

High and Dry.  
With all same prices put to rout. With absence, too, of rock and rye. It really seems there is no doubt. But that this country's high and dry.

Childhood's Tragedies.  
Annie Caline says:—Little Nancy Yantz had a birthday last week and I and Zeke is off to her we went to a store up in Newark and bought her a little ring with a pearl in it. I must say she were off pleased with it and she, "Oh Aunt Caline, I do love you and Uncle Zeke for giving me this lovely ring and I'm going to keep it forever and ever and then I'll give it to my grandchildren," she says. So yesterday I went over to get a quilt pattern. Nancy's mother was setting by the fire not saying nothing to nobody, with the tears running down her cheeks in a perfect stream. "What on earth is wrong, Nancy?" I says. "Air you sick?" she says. "I'm worse than sick, Aunt Caline," she says. "I've lost the little pill out of my ring," she says.

Aunt Caline

Never, No More!  
It was with pleasure I would take a summer trip to Buckeye Lake. To fish and row and then, you know, a great big whopping catch to make. But since I've learned that sharks abound within those waters, grief profound doth shake my frame and I exclaim, "No more for me, now I'll be bound."—I. G.

Mewling.  
My heart is yearning for a lark, And I want a robin, too; I long to hear the dogwood bark And the pussywillow mew. —Toledo Blade.

Too much of the yearning oftentimes A lot of trouble brews For poets writhing in their rhymes And wailing of the mews. —Youngstown Telegram.

Not a Thing.  
The quatrain with the above title which appeared in last night's Melting Pot, should have been credited to our valued contributor, I. G. The signature was inadvertently omitted, but we assure I. G. that not a thing was meant by it.—Not a Thing.

G. O. P. CONGRESSMEN WORRIED.

Republican members of Congress from Ohio not long ago ate heartily of a dinner given by Harry M. Daugherty. With stomachs well filled, they proceeded to endorse Senator Harding's candidacy for the G. O. P. presidential nomination. Everything was serene until Manager Harry tried to impose his will upon the various state leaders and delegates, which caused a sharp division in the ranks and made possible the entry of the Wood forces.

Now these congressmen are faced by disaster, for they are between two fires. If they stay in the Harding band wagon they will be marked for slaughter by the Wood forces. And if they desert the Harding standard, or are lukewarm in their attitude, the Harding clan promise annihilation.

These G. O. P. congressmen have enough to worry about without Harding adding to their burdens they say. This do-nothing Congress has had almost a year of continuous sessions, and it has signally failed to do any of the thing for which it was elected. Making alibis to the folks back home will be hard enough, but the additional task of keeping both Harding and Wood factions in favorable vein is a bit too much to ask of any of them.

CAN'T FOOL OHIO AGAIN.

"Economy" is a great slogan. It helped to elect an overwhelmingly Republican legislature in 1918. Now the same men are singing the same tune. The electorate of Ohio has had 15 months of "economy" of this kind and it strikes us forcibly that the next time it places its trust it will give it to a man who has made a great record in caring for the finances of the state, who has fought for economy in public office and who, if given a legislature to work in harmony with him, will accomplish the tasks set down before him without shirking, camouflage, or attempting to produce an alibi.

Thirteen months of "economy" as demonstrated by the present legislature, steered, advised, bossed and finally wrecked by the party leaders, will require years of sincere, honest and painstaking effort to overcome. And it is well known that this kind of "economy" has put a dent of over \$6,000,000 in the Ohio treasury.

We are not inclined to think that Ohio in 1920 will repeat the mistake made in 1918.

It is denied that people lack determination nowadays, as they are firmly resolved not to work too hard.—Newark (N. J.) Advocate. Nobody seems in a position to accuse another of having broken the resolution.—Canton News.

Assessors of Prohibition.  
"This prohibition does not please A bit," said Oswald Heppes; "My pants are bagged out at the knees." From climbing cellar steps.—Luke McLuke.

"This prohibition makes me pout. It really does," said Blanks; "My stomach's turned clear inside out. From drinking home-made drinks."—Hastings (Neb.) Tribune.

"This prohibition makes me hot," said farmer Hiram Horne; "One lives in fear that he'll be caught if silo exudes corn."—Canton News.

"I should not mind these things so much," said Hiram Henry Hearts; "but prohibition got me such an excruciating thirst."—

Did You Know  
That the overture originated in France and received its perfected form at the hands of Lullu? It is a musical composition for a full instrumental band, and is intended as an introduction to an opera, oratorio, cantata, or ballet. Being in the nature of a prologue, it should be in keeping with the piece which it ushers in.

I Should Show So.  
Long years of wide experience have taught Me this big truth. I never get a dollar ahead but what I break a tooth. —Willie Getit.

To Patience.  
Dear Patience, it's surely a welcome relief That you're not on a monument smiling at grief; Ere you tackle the widowers, how ever, let's See if you have not overlooked a few bairns; Indeed, I myself have quite often been tottering On the brink of proposing to Mr. Will Worthing.

And, though I'm most sure he would stand no shenanigan, Still, it might be worth while to consider Pat Flanagan; And many a heart I am sure would be bursting With joy at the prospect of winning Jim Thurston; And then P. B. Eldridge, you know, is another. Though he'd probably tell you he'd be just your brother; And by using the tactics—well, say, of a mouse. One might creep up slyly upon Jimmie Schaus; A girl would be wise for Will Christian to fall. And she will be lucky who gets Lou Kussmaul; And with all of these prospects in mind, do not let it Escape you that there still remains Willie Getit. —Ada Fellow.

Pointed Observations  
General Wood says that untrained men were used on the American front in France. It would be difficult to find Germany of this.—Norfolk Virginian-Pilot.

A Dayton woman charged with killing her husband says she did it because she loved him. A woman should learn to control her affections.—Columbus citizen.

In other words, there is to be military training legislation until the election is safely over.—Detroit Free Press.

Egyptians who have been raising cotton are selling in wealth almost equal to that of the shipyard workers in this country.—Chattanooga News.

There is nothing amusing to the lovers of cats in the announcement that cat furs are steadily becoming commercially valuable.—Savannah News.

The complete list of reasons why the dry law has increased the use of candy must include the children who now get dimes that used to cross the mahogany.—Boston Herald.

The first sign of spring has given the price of eggs considerable of a bit in most of the rural sections, but the confounded thing is slow in reaching the town.—Raleigh News and Observer.

PREVENTIVE MEDICINE.

(Ohio State Journal.)  
Great progress has been made by the medical profession in recent years in investigation and study of causes that bring about human suffering. By treating the causes, removing them if possible, nature is given opportunity for restoring normal conditions. Important diseases and the trouble caused by rich medical knowledge, the progress shown has been to the credit of the profession and a boon to those who suffer. Not all ailments are curable, but it has been shown that an enormous load of human misery may be lifted.

It is fortunate for humanity and the medical profession when a conspicuous illustration is given of what may be accomplished along this line. The recent visit of Viscount Grey of Great Britain to Washington has given an illustration of international importance. For many years this diplomat had been kept in retirement because of eye trouble. He was nearly blind and had to be helped about by attendants, could not see enough to recognize his best friends. At Washington the trouble gave him great concern and he called in an oculist, who found the eyes nearly normal and the trouble caused by defective teeth. It was an irritation of nerves that afflicted the eyes. The teeth were removed and he has reason for expecting ultimate recovery.

The same work has been done hundreds of times with patients whose cases did not provide public interest. It was done years ago in the dental clinics connected with the schools in Cleveland, when the National Dental Association handled the work for the purpose of illustrating what was possible. It is fortunate Viscount Grey came to America, doubly fortunate he called in a practitioner who knew how to look for causes.

An Authority.  
Two men were hotly discussing the merits of a book. Finally one of them, himself an author, said to the other: "No, John, you can't appreciate it. You never wrote a book yourself." "No, returned John, and I never laid an egg, but I'm a better judge of an omelet than any hen in the state."—Boys' Life.

It isn't altogether because of financial reasons that bachelor quarters sometimes look like 36 cents.

Married Strangers

A powerful story dealing with a problem being worked out in thousands of American homes to-day—that of the husband and wife who find they grow apart while the man was off to war.  
By FRANCES DUVAL.

Copyright, 1919, by The Wheeler Syndicate, Inc.

XCVIII.—Keitha Plays a New Game.

Feeling a trifle better, though still uncertain of her footing, Keitha went up on deck when she had dressed for dinner.

She wore her fur coat over her dinner gown and a wip of tulle protected her hair from the salt air.

The first person to accost her was Mr. Copley-Warner.

"Afraid you joined forces with Martha Caldwell," he greeted her pleasantly, sinking down in Bennett's vacant steamer chair beside her. "You weren't around for tea?"

"I had mine in my stateroom," smiled Keitha. "I was awfully sleepy after lunch."

He nodded.

"She affects some people that way. Gives me the strange energy you Americans call pep."

"Were you ever seasick?" queried Keitha.

"Not yet," he reached out and touched the wooden arm of the steamer chair. "You can't be too careful about these things," he explained. "There's a link that listens for boasters, I believe."

"I've made too many trips across this old Pacific to keep accurate count and I've weathered many a stormy Atlantic lost my record."

"Don't you mind my word, I almost crossed your Great Salt Lake on the train last Monday," he continued with a chuckle.

Keitha started at him in bewilderment.

"Whatever do you mean?"

"Wind was blowing a gale. You know that bridge? Sways under the best conditions, but in his storm—ye gods! The bridge was moving in one direction, and the motion of the train tended toward the opposite pole and between the two you got the same sensation as when a ship takes the waves head-on and then rolls in their trough. Everybody on the train was sick."

A tall figure loomed in the twilight

LET "DANDERINE" SAVE YOUR HAIR  
Check ugly dandruff! Stop hair coming out and double its beauty.  
A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading. After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness. A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.—Advt.  
Perhaps the bald-headed man holds on to his comb and brush because he feels he can't part with them.  
OPTOMETRY—ITS VALUE TO THE PUBLIC.  
By O. P. COOK.  
Probably the value of Optometrists to the public can best be explained to our readers by stating that there is scarcely a person anywhere who does not at some time in his life require the attention of the Optometrist. We are aware that many people claim to have perfect sight, but the truth is that ONLY A VERY FEW HAVE.  
It is no exaggeration at all to state that six in every ten of the readers of this paper of whatever age would be better for receiving an eye service. In youth certain defects of vision are very common, and after middle age EVERY PERSON'S eyes undergo a change that continues up to about 65 years of age, and during this period the patient must depend more and more upon his glasses for focusing for close work.  
O. P. COOK  
Optometrist  
Next Door to Warden Hotel

## THE MARKETS

JOHN BARLEYCORN'S STANCH DEFENDER  
SEEKS PRESIDENCY ON WET PLATFORM

The wettest candidate for the presidential nomination in either of the big parties in Governor Edwards of New Jersey, Democrat. Practically the only plank in the Edwards platform is strong drink and lots of it. Governor Edwards got into his present office on a wet platform, and he recently signed a bill passed by the New Jersey legislature legalizing the manufacture and sale of 3.50 beer. Governor Edwards says he is now prepared to initiate his state's proposed suit in the U. S. supreme court attacking both the prohibition constitutional amendment and the Volstead enforcement act.

**Chicago Grain Review.**  
Chicago, March 16.—Fresh strength which manifested itself in the corn market today was associated with reports that for the first time in several weeks the elevators here were receiving eastern cars for the shipment of grain. A brief setback after the opening was due to profit taking. Initial quotations which ranged from 1 1/4 to 1 3/4 up, with May 1.53 1/4 to 1.53 1/2 and July 1.46 1/2 to 1.47, were followed by general downturns, but then by a rise higher than before.  
Oats ascended with corn. After opening unchanged to 3/8 to a 1/2 higher, including July at 77 to 77 1/4, the market sagged a little and then resumed its advance.  
Provisions were somewhat firmer, but dull. Grain strength was the bullish factor.

**Pittsburgh Live Stock.**  
Pittsburgh, March 16.—Hogs: Receipts 1,000; market lower; heavies \$15.00; 15.50; heavy packers \$16.00; 16.75; light Yorkers \$16.16; 16.25; pigs \$15.25; 15.75.  
Sheep and lambs: Receipts 100, market steady; top sheep \$16, top lambs \$20. Calves: Receipts 125; market steady, top \$20.50.

**Chicago Produce.**  
Chicago, March 16.—Butter: Market lower, creamery 52¢; 68¢.  
Eggs: Market higher; receipts 18,582 cases; firsts 42¢; 43¢; ordinary firsts 35¢; 42¢; at mark, cases included, 41¢; 42¢. Poultry, silver: Market higher, springs 40¢; fowls 41¢.

**Teledo Grain Closing.**  
Teledo, March 16.—Corn: Cash \$1.62; Oct. cash, 96¢.  
Rye: No. 2, \$1.74.  
Barley: Not quoted.  
Cloverseed: Prime cash, \$34.25; March \$34.20; April, \$33.75; Oct., \$23.35.  
Alfalfa: Prime cash and March \$35.20; April, \$35.20.  
Timothy: Prime cash (\$17.19) \$5.95; (\$19.19) \$6.15; March, \$6.15; April, \$6.12; 1/2 May, \$6.07 1/2.

**Wall Street.**  
New York, March 16.—Prompted largely by the reported collapse of the German revolution and the rapid improvement of foreign exchange, stocks rose vigorously at the opening today. Gains of 5 to 10 points attended the initial trading in steel, motor, equipment and oil. An early reaction of 2 to 3 points in Texas company was soon replaced with an actual gain of 6 points. Leather, food, textile and chemical issues, as well as numerous miscellaneous shares, helped to swell the large volume of operations in the first half hour. In

**Early Rubber Goods Imperfect.**  
Many were the traders that only manufacturers of rubber goods experienced on account of the prospect of rubber to expand or contract with the heat, Daniel Webster, who was Mr. Goodyear's counsel in his patent litigation, humorously referred to a fine cloak of India rubber he once owned, stating that in cold weather it stood well by itself, and that it stood out on the porch surrounded by his hat, many persons passing by, mistaking it for the Sage of Marshfield himself.

**Courtesy Always Pays.**  
A man may fight fiercely to hold his own in business, but he does not need to fight to get ahead of someone in the elevator, or up the car steps, or at the post office window. And no matter how strong competition is, business and personal courtesy make it easier and pleasanter for everybody.—William H. Hamble

**No More Coming.**  
I call this my last check suit. I had to withdraw my bank account to get it.—Home Sector.

Governor Edwards in his office.

vestment rail's displayed moderate improvement.  
Substantial advances were made by Crucible Steel, General Motors and Texas company, kindred shares rising 2 to 5 points. Extensive realizing was invited by the sudden advance and much of this advantage was lost, Crucible falling back sharply. Reactions were partly offset, however, by free buying of the more staple issues, especially shipping, equipments, coppers, tobacco and oil of the Mexican group. Maintenance of the nine per cent rate for call money provoked further selling before noon.

**Surroundings Counted.**  
William had brought a little playmate home from school. After he left, William's mother thought to improve the chance and remarked: "He was a very polite little boy. I think he was more of a gentleman than you are sometimes." "Of course he was polite," was the answer. "He was in a strange house. I am polite, too, when I am away from home."

**Early Rubber Goods Imperfect.**  
Many were the traders that only manufacturers of rubber goods experienced on account of the prospect of rubber to expand or contract with the heat, Daniel Webster, who was Mr. Goodyear's counsel in his patent litigation, humorously referred to a fine cloak of India rubber he once owned, stating that in cold weather it stood well by itself, and that it stood out on the porch surrounded by his hat, many persons passing by, mistaking it for the Sage of Marshfield himself.

**Courtesy Always Pays.**  
A man may fight fiercely to hold his own in business, but he does not need to fight to get ahead of someone in the elevator, or up the car steps, or at the post office window. And no matter how strong competition is, business and personal courtesy make it easier and pleasanter for everybody.—William H. Hamble

**No More Coming.**  
I call this my last check suit. I had to withdraw my bank account to get it.—Home Sector.

## AMUSEMENTS

## AUDITORIUM

**Quo Vadis Tonight.**  
The big picture feature "Quo Vadis" is being screened at the Auditorium today—the showings being continuous through the supper hour. This is one of the most sensational spectacles ever offered in pictures and should draw capacity crowds.

**Unusual Gowns of Madam Kalich.**  
When Madam Kalich is seen here in "The Riddle Woman" some very beautiful and sumptuous gowns will be seen. The three gowns in which she appears in the three acts of the play were specially designed by Lady Duff Gordon. They are a luxurious tea gown, an unobtrusive afternoon frock and a regular dinner costume.

The gowns are the result of an impression made upon her by her first glimpse of the original Whistler's famed portrait of his mother.

"Paradoxical though it may sound, it was from the painting of that austere old lady in the old fashioned, long, black gown, that I received my inspiration for the gowning of the difficult and highly colored character of Lilla Olrik," declared Madam Kalich. "Of all modern painters, Whistler has always seemed to me the most suggestive, the most pregnant with meaning. And he is particularly so in his portrait of his mother. Here, as anyone who has seen the picture will remember, the one high light consists of the single device of a snowy and immaculate wisp of linen. In that tiny handkerchief, the most unimaginative man or woman may read a thousand years of rectitude, of stern chastity—a thousand years of fine womanly ideals passed on, like an unquenchable torch, from the countless generations of noble wife-mother and motherhood. That snowy handkerchief—that and the pair of wrinkled, time worn hands at rest so peacefully in the lap—are indexes of the fine old gentlewoman's lined and withered face.

## The Roaring Road.

In his new Paramount picture "The Roaring Road," which will be shown at the Auditorium theater tomorrow and Thursday, Wallace Reid tosses out as a speed king. During the filming of the scenes, Mr. Reid himself drove his racing car, taking all kinds of chances and driving at incredible speeds, to secure the last word in realism.

Most of the race scenes for the picture were filmed on the famous Santa Monica race course over which numerous road races have been contested by some of the world's most famous drivers.

There is one especially dangerous curve in this course, known as "death curve," and it is notorious for the number of accidents which have occurred there. In one scene of the picture Mr. Reid rounds this curve with perfect ease and accuracy of control, and at the same time, it is said, breaking the record for speed in rounding the curve which had been established and broken many times by various famous speed kings.

## "Somebody's Sweetheart."

"Somebody's Sweetheart," which is heralded the biggest musical comedy success known in many a moon will come to the Auditorium theater next week.

"Somebody's Sweetheart" ran all last season at the Central theater, New York and is the latest of the three musical comedy successes that scored so heavily on Broadway.

Mr. Arthur Hammerstein is determined to give the local theatergoers the best and in "Somebody's Sweetheart" he is sending a real New York production. A 100 per cent cast which includes Violet Denney, Berta Dunn, Elaine Landeau, Sylvia Tell, Charles O'Connor, Euston, Lennox, George Dunston, John Dewey, William Howell and Will Adams, and eighteen of the prettiest girls obtainable will appear in the ensemble wearing some of the most stunning costumes seen outside of New York.

## ALHAMBRA

## Dorothy Dalton

Attracting a capacity audience, Dorothy Dalton's latest, Thomas H. Ince production for Paramount, "Tyrant's Fear," was displayed at the Alhambra theater yesterday. To the admirers of Dorothy Dalton, of whom there are many in this city as the reception to her latest picture amply testified, her newest vehicle proved in no sense inferior, if it does not surpass in strength of construction and interest, her recent pictures "Flare-Up Sal" and "Love Me," which made so pronounced a hit on their presentation here some weeks ago.

There is much to praise in this production of "Tyrant's Fear." It is at once a panorama of rugged life in the Canadian northwest, and a study of feminine psychology, deep and subtle. Fancy a girl like Allaine Grandet, the victim of a nameless fear, born of the brutality of the monsters who held her in a state of supine submission to their every whim! Fancy her being sold as mere chattel by an inhuman father to a more brutal trapper, a primal beast whose sole desire is to prove to this shrinking girl that he is her lord and master.

This was the situation in which Allaine found herself when she was taken to the cabin of Latour, her husband in the northern wilds, half buried in snow. She endures his vile treatment uncomplainingly as a dumb animal, because her soul is held in the vice-like grip of pre-natal fear. It is seen tonight for the last times.

**Under the Greenwood Tree.**  
Eugene O'Brien, a well known actor, is Elsie Ferguson's new leading man

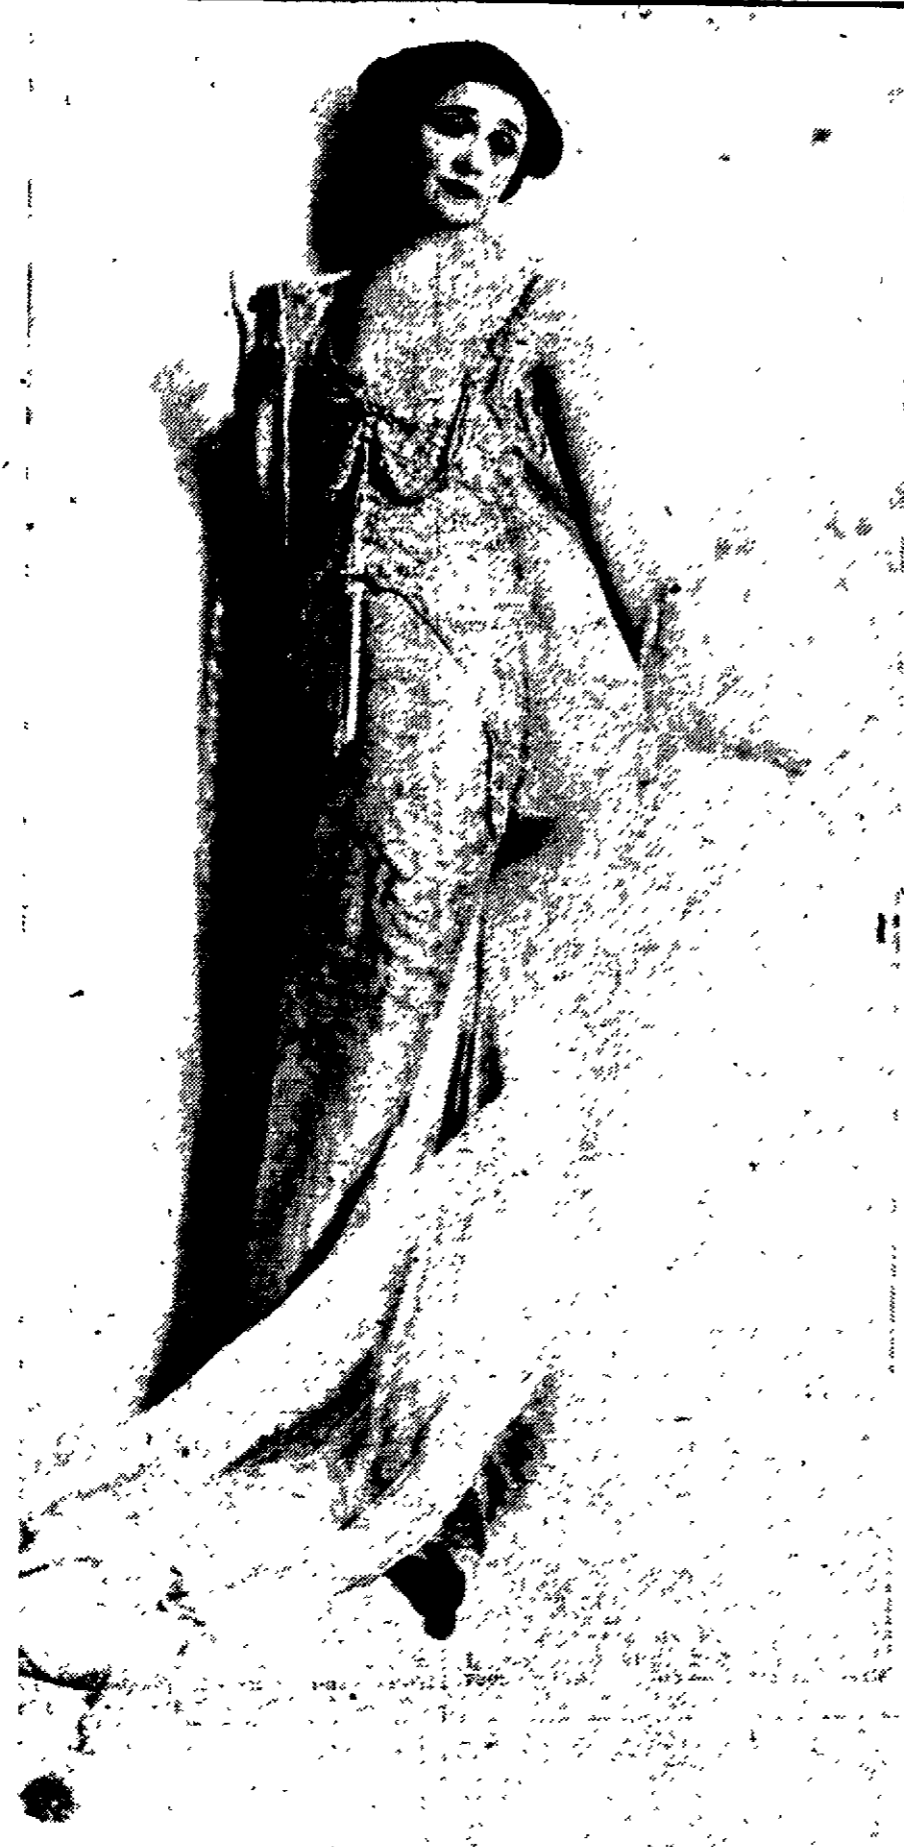

and he will be seen here for the first time in Artcraft pictures in her latest picture "Under the Greenwood Tree" at the Alhambra theater tomorrow and Thursday.

In motion pictures Mr. O'Brien made his first appearance opposite Mary Pickford in "The Little Shepherd of Kingdom Come" for Jack Pickford, and

the general standard of Paramount and Artcraft Pictures.

## Jack Pickford.

Jack Pickford secretly cherished a hope, years ago, that he would, at one time or another, make the picture called "The Little Shepherd of Kingdom Come" and he has at last realized his hope. "The Little Shepherd of Kingdom Come" is the first Goldwyn starring vehicle for Jack Pickford, and

BERTHA KALICH IN "THE RIDDLE WOMAN," AUDITORIUM FRIDAY

Pickford in "Poor Little Peppina." He later again played lead to Mary in "Rebecca of Sunnybrook Farm." His engagement following closely upon the signing of Niles Welch and other players under long term contracts, is in accordance with the Famous Players-Lasky Corporation's policy. Only play-

can be seen at the Alhambra theater, for 2 days commencing Friday. The story was written by the late John Fox, Jr., and concerns a little mountain wail whose destiny, worked out by the God of Chance, transplants him from one grade of society to another with such ease and smoothness that the little mountain boy is not aware of the change.

The role of a mountain boy is a new departure for Jack Pickford and the change from his usual role of the young society man has proven very desirable to him.

## GRAND.

A thousand dollars for just a few hours work! Even in these days that sounds like a neat sum for a young girl to earn, that is, a girl who is not a motion picture star or an accomplished pickpocket.

To Barbara Pretlow, actress with nothing to act, such a compensation for an afternoon's work in impersonating a society heiress sounded too good to be true.

Barbara didn't know just how to take it. She was dead broke, couldn't get a job, her landlady held her trunk for overdue rent, and she was driven to desperation, when this queer old man sidled up to her on the park bench and made the offer to pay the girl a thousand dollars to do a little private impersonating act. Did she go after the thousand? She certainly did. Did she go through with the game? Only a certain distance, then she threw a monkey-wrench into the whole scheme.

Twede Dan in "She Me" will be the added attraction for today and tomorrow.

## LYRIC.

Capacity houses greeted Hurley's "O Say Girls" at their opening performance Monday and by the amount of applause accorded the performers it is easy to see this company made a big

## NUXATED IRON

For Red Blood. Strength and Endurance

THINK of the strong, healthy men and women you know. People who are prominent and who are doing things worth while and you will find that they usually possess remarkable force, vim and energy. The kind that carry them over when the blood is filled with iron. Iron is red blood food—it helps put strength and energy into the veins of men and roses into the cheeks of women. Nuxated Iron by enriching the blood and creating new blood cells strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and endurance into the whole system.

If people would only keep their blood filled with strength-giving iron, by taking Nuxated Iron when they feel weak, run-down and nervous, they might really build up their red blood corpuscles and quickly become stronger and healthier in every way. Unlike the other iron preparations it is easily assimilated, does not injure the stomach, makes them black nor upset the stomach. Nuxated Iron often increases the strength and endurance of weak, delicate people in two weeks' time. It is dispensed by all good druggists.

### "Blue Monday Is a Thing of the Past in Our House"

WHY not escape the weekly washday grind? Women everywhere are discarding the antiquated, health-shattering, back-breaking wash-tub. They are letting the Crystal do the Blue Monday work. The Crystal cleanses clothes easily, economically, sanitarily, absolutely satisfactorily. Factory representatives are here demonstrating this machine. Let them show you how quickly the Crystal will do your washing in your own home.

## SEIZE CANNED BEANS

Federal Inspectors Charge Canners With Misbranding.

Long Cranberry Beans Labeled as "Red Kidney Beans" Taken by Officials.

Washington.—Seizure of a large shipment of canned beans, labeled as "Red Kidney Beans," but which were long cranberry beans, was made recently in Chicago on information furnished by federal food inspectors. Officials of the bureau of chemistry, United States department of agriculture, who are charged with the enforcement of the federal food and drug act, have received information that large quantities of the low-priced long cranberry bean have been put up under the label of the high-priced red kidney bean and are being sold to consumers at the higher price. Inspectors have been instructed to report for seizure all shipments so misbranded coming within the jurisdiction of the federal food and drug act.

The long cranberry bean costs the canner only about half as much as does the red kidney bean, yet investigation has shown that when the long cranberry bean is sold under the label of the red kidney bean the price to the consumer is as much as that of the genuine red kidney bean.

The long cranberry bean, which is imported in large quantities from Japan, is an excellent article of food, and there is no objection to its sale and use under a truthful label, say the officials. The bean looks and tastes very much like the genuine red kidney bean, and it sold under its own name could soon establish a market on its own merit, but because its cost is so much less than the red kidney bean, its sale under the name of the higher-priced bean is demoralizing to the trade and unfair to the consumer. The officials have inaugurated a campaign to seize all interstate shipments of beans which in this particular violate the food and drug act.

#### "TROT ALONG" BASKET

Shoppers tired of carrying home parcels will be delighted with this "trot-along" shopping help, which is simply a basket mounted on wheels, with a walking stick for a handle. It has become very popular in London. The "trot-along," though strong enough to carry heavy parcels, can be easily handled by a child, as the illustration shows.

#### BUILD AIR DEFENSE STATION

United States Government to Have Base for Land and Sea Planes on Staten Island.

New York.—Construction of an aerial coast defense station has been begun at New Dorp, Staten Island, to serve as a base for land and seaplane patrol aircraft.

The station, which will be known as Miller field in honor of Capt. James E. Miller, killed in action in France, also will be equipped with directional wireless apparatus to guide patrolling craft in foggy weather.

The field comprises 450 acres, with an ocean frontage of 1,750 feet. The plans, which were made during the war, call for 32 buildings, including barracks, officers' quarters, mess halls, post exchanges and administration buildings.

#### Find Rare Variety of Sugar on Fire

Washington.—Discovery of the growth of sugar on fire trees in British Columbia is announced in the American Forestry Magazine. The discovery resulted from investigations by Prof. John Davidson of the University of British Columbia at Vancouver.

Specimens are said to have indicated the presence of a large percentage of an extremely rare variety of sugar. Indians have made use of the sugar for many years, the article states.

No. Maude dear, a fundamental principle doesn't necessarily have the accent on the fund.

## SHORT HEALTH TALKS To Men and Women Over 40.

Up until the age of 40 the average man or woman has maintained fair health. Nature has performed its work well with little or no assistance. After the fortieth milestone is passed the human machine does not run so smoothly. This is indicated by occasional headaches, bilious attacks, constipation, sour, gassy stomach, pain in the right side and back or the right shoulder (which is liver trouble), backache and puffy circles under the eyes tell that the kidneys are breaking down. People over 40 will do well to heed any of the above symptoms. Humans can only be cured by diamonds; likewise nature can only be assisted by nature. To truly relieve, correct and regulate the human system no preparation in the world today is as effective and powerful as Bulgarian Blood Tea. These rare medicinal herbs when brewed, give to you the rich juices that Mother Nature intended for her sick children. For a few cents you can obtain Bulgarian Blood Tea from your druggist.

## GETS RELIEF AFTER HAVING BRONCHIAL TROUBLE 20 YEARS

Choked up so bad that you could hear him wheeze across the room.

#### COUGH WAS VERY BAD

"I've spent a lot of money trying to get relief from bronchial trouble and have paid some pretty high prices for medicine too, but never got as much good from all of it as I have received from one bottle of Earle's Hypo-Cod. Of course I have only taken Earle's Hypo-Cod a little while, but I feel much better. As a Taylor, machinist at the Penn. Ry. Shops in Columbus, Ohio, but it works like magic and others who have noticed my improvement prove that I say."

"I had bronchial trouble and a bad cough and would get so choked up at times I could hardly breathe. I would choke up and wheeze so bad you could hear me clear across the room. I would cough and spit up so much phlegm it was awful and it made me actually vomit. For twenty years I suffered with this trouble, but during the last five or six years I have grown steadily worse until I was so nervous, weak and worn-out with it I could hardly keep going. But that is an old story now," continued Mr. Taylor, for since I've taken Earle's Hypo-Cod a few days ever the dust and dirt around the shops where it flies thick and heavy doesn't bother me any more and my cough is practically cured. I'm gaining weight, eat hearty again. Breathe free and easy and my nerves are going good. I never am choked up any more, and feel better than I have in six years. I got my brother to take some and a number of my friends are also getting splendid results so when you ask me—I say—Get Earle's Hypo-Cod down at the drug store and it will do the work." continued Mr. Taylor, 6 Clark Place, Columbus, Ohio.

Earle's Hypo-Cod contains extracts of pure cod liver oil and everybody knows it is splendid for such troubles. It is the easiest oxidized oil known. Malt, iron, and cherry bark, and syrup of hypophosphites are all just what such a system needs. It is so nice to take it agrees perfectly with the most delicate stomach.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.—Adv.

## SORE, ITCHING BROKEN-OUT SKIN NEEDS POSLAM

If there are any raw, broken-out places on your skin that burn, itch and aggravate apply Poslam right on them—it cannot harm—and enjoy its benefits which are yours so easily. Feel its soothing, healing influence. If you suffer from eczema you should know at once what Poslam can do for you. It is your dependable remedy for every eruptions disorder: pimples, rash, scalp-lice, Poslam is quality—healing power, concentrated.

Sold everywhere. For free sample write to Emergency Laboratories, 242 West 47th St., New York City.

And Poslam Soap, being medicated with Poslam will benefit your skin while used daily for toilet and bath.

## R. W. SMITH DRUG COMPANY IS NOW AGENT FOR A FINE MEDICINE

Leading Druggist in Newark Now Has Nerviax For Sale Here.

R. W. Smith Drug Company of Newark, Ohio, has recently accepted the agency for Nerviax, an excellent stomach, kidney, liver and bowel preparation which is said to be of great benefit to all those suffering from diseases of these vital organs. Nerviax is strictly an herbal preparation and is composed of over 12 different herbs gathered from the four quarters of the globe. The remedy is manufactured by the H. G. O. Cary Medicine Company of Zanesville, Ohio, and is made from a prescription of the late Dr. H. G. O. Cary, one of the most prominent specialists of his day. Nerviax is not a new preparation, but has been on the market for the past three-quarters of a century, and is compounded under the personal supervision of a chemist who has spent over 40 years in the manufacturing of medicine.

A trial will speedily convince you of the merits of Nerviax.—Adv.

How Superstitions Arose. The Friday superstition arose because the crucifixion is supposed to have taken place on that day. Some persons think it is unlucky to spill salt, because Judas Iscariot seems to be spilling it in Da Vinci's picture. Others think that it is because salt is a symbol of incorruptibility, and spilling it is, therefore, a sign of broken friendships and general upsets.

## DROPS THREE MILES

Aviator Has Thrilling Experience Trying for Record.

Oxygen Tank Begins to Fall and Flyer Almost Loses Consciousness.

Dayton, O.—Dropping 14,000 feet while six miles in the air and still alive today was an experience through which Maj. R. W. Schroeder, chief test pilot at McCook field and champion altitude flyer of the secret service, passed recently.

Major Schroeder formerly lived on Washington boulevard, Chicago. He made his first flight over the stock yards here ten days ago.

While making a maximum test flight in a Le Pere ship, in which he has been flying for altitudes, Schroeder noticed the thermometer of the ship. It registered 52 degrees below zero.

In this extreme cold the oxygen tank began to fall.

He had nearly lost consciousness when he suddenly realized that he was losing his sense of direction and control. He reached for the throttle of his ship and missed. He then tried the switches.

Suddenly the ship dropped. At 18,000 feet Major Schroeder partly regained consciousness and found that his ship was turning a spiral. In a desperate effort he righted the Le Pere, which began diving safely into McCook field.

As a result of the ordeal Schroeder's sense of hearing is dulled.

He was at the hangars next day preparing to make another flight. Nerves shaken? No!

#### NONSKIDS FOR HORSES

Mr. William Watson putting a non-skid shoe that he invented on a horse. The Horse Aid society, by a series of tests, is trying to insure the safety of horses on slippery days by introducing new ideas in safety shoes. The test took place on the lake in Central park, New York.

#### ARTISTS DON'T WANT CARD

Vote Shows Them Opposed to Plan to Unionize Profession, Says Announcement.

New York.—American artists are not in favor of a union, according to the Society of Independent Artists, which made public the result of a questionnaire among its 550 members on the subject. The artists were asked to register their approval or disapproval of a union similar to the recently organized union of French graphic and plastic artists in Paris.

The detailed vote was not announced, but the attitude of those opposed to the proposition was stated by Walter Wesley Dow of Columbia university, who said:

"We have more societies than we know what to do with. It simply makes additional trouble and takes time that artists would prefer to give to their work."

#### PIERCES STEEL 13 INCHES

Test Showing of 16-Inch Explosive Is Thought to Establish a Record.

Washington.—Boring its way through more than 13 inches of armor belt steel, a 16-inch projectile produced at the new naval ordnance plant at South Charleston, W. Va., the third shell fired out of a test group of five, met every requirement in a test at the Indian Head (Md.) proving grounds, and established what naval officers believe to be a record in big shell production.

The 16-inch projectile, which weighed 2,100 pounds, against the 1,400 pounds of the 14-inch shell, will be turned out in quantities for the guns of the dreadnaughts.

You never can tell. Many a man with sharp features is mighty dull.

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Freezone on a hot corn, instantly the corn stops hurting, then you lift it right off! Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is a wonderful

## Be Careful What You Wash Your Hair With

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is a Mildified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is left fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or a faint breath, or if your chest wakes up during the night with a cough and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## NO PROFITEERING IN MY REMEDY SAYS DR. JONES

Sufferers from Lumbago, Stiff Neck and Rheumatic Pains May Still Get Houstonia at Old Price.

Despite the increasing cost of everything that goes into the manufacture of a standard remedy The Dr. J. C. Jones Company of So. Charleston, Ohio, makers of "Houstonia"—pronounced House-ton-ee-ah—(the Original Jones Lumbago) are determined not to curtail the benefits of this wonderful remedy by increasing its price. It is their proud boast that for fifty years the formula, size of bottles and price have remained unchanged. You may still obtain a 4 oz. bottle for 25 cents, large size 50 cents and mammoth 20 oz. bottle for \$1.00. Get a bottle from your druggist today and be prepared to fight off the effects of Old Water's key blasts. Sufferers of the muscles, backache, rheumatic and muscular yield to its soothing and restful penetrating quality. Be sure that Dr. Jones' picture is on the yellow wrapper.

## MAGIC OF LAW PUTS MILLIONS IN 9 POCKETS

Forgotten Poor Cousins Share in Estate of Wealthy Oil Man.

## MILLIONAIRE LEFT NO WILL

Wealth Comes to Aged People Whose Lives Have Been Largely Filled With Hardships—Hunt for Heirs Is Difficult.

Wheaton, Ill. — Satisfied smiles spread over nine faces in the corridors of the red courthouse here recently, for nine persons, whose lives had been largely filled with hardships, knew that within a few weeks they would be rich. Rich is the only applicable word—wealth to these people had been nothing but a dream.

Judge S. L. Rathje of the DuPage county court had just indicated that five of the nine were legal heirs to the \$2,000,000 estate of William P. Cowan, former president of the Standard Oil company of Indiana, who died at his Wheaton country home in the summer of 1918. The other four were husbands and wives of the heirs.

Nine to Share \$2,500,000.

With the establishment of heirship by the five relatives of the wealthy oil man the total number of heirs who will receive a share of the estate is nine. After expenses have been deducted, according to attorneys, the estate will total more than \$2,500,000.

Each of the nine heirs will receive something like \$200,000 when the inheritance taxes are paid.

Three of the heirs are more than seventy years of age, one is ninety, the youngest is forty-four years old.

None of them remember personally the man whose death brought them this benefaction. But two ever saw him. They look upon their inheritance as some vague dream of paradise.

The heirs who established their claims are:

William Saxton, seventy-two years old, Eagle, Mich.

Walter Saxton, seventy-two years old, Waukegan, Mich.

Charles Saxton, sixty-eight years old, Elsie, Mich.

Mrs. Caroline Saxton Hart, fifty-eight years old, Grand Ledge, Mich.

Mrs. R. B. Colby, forty-four years old, Cadillac, Mich.

William and Walter Saxton are twins. William is married and his wife was in Wheaton with him. Mrs. Colby and Mrs. Hart had their husbands along, too.

Other Cowan Heirs.

The other heirs who have established sufficient evidence of relationship to Mr. Cowan to win an indication of equity from Judge Rathje are:

Judson Phelps, ninety years old, Detroit, Mich.

Henry B. Stillwell, seventy years old, Gloversville, N. Y.

William G. Stillwell, seventy-two years old, Springfield, Mass.

Heirs at law of Mrs. Helen Shadbolt, Plymouth, N. Y., who was ninety-five years old when she died a few weeks ago.

All of the heirs are cousins—first, second, or third. No nearer kin could be found by Alfred C. Hoy, public administrator of DuPage county.

The day's hearing before Judge Rathje did not close the case. A few more depositions must be taken, a few more weeks must elapse before the jurist can enter a decree. But the Saxton boys are happy.

When in 1918 it was learned that Mr. Cowan, a successful business man and one of the rich residents of the Chicago Golf club colony at Wheaton, had died and left no will, Wheaton wondered. Then it was announced that there were no heirs in this state. Mrs. Cowan's death had preceded her husband's, and there were no children and no brothers or sisters.

Public Administrator Hoy took immediate charge of the estate and appointed Charles W. Hadley and George Thomas his attorneys. Mr. Hadley is state's attorney of DuPage county and has a weakness for flaring ties. No attorneys presented him with a case in court.

For more than a year the only relatives Mr. Hoy could locate were the Stillwell boys, Judson Phelps, and Mrs. Shadbolt.

A few months ago one of the Saxton boys, Walter, read a newspaper and to which referred to Mr. Cowan's death and his estate. A few days later the Saxton claim was entered.

The Saxtons claimed to be the children of two daughters of Peter Cowan, Canada county, N. Y., the grandfather of William P. Cowan.

Their claim was established by a marriage license, census reports, old diaries, and testimony. One of the twins, Mr. Cowan when he was three years old. Another Saxton said he was born in the Cowan home. But further than that they had no personal recollection of their wealthy relative.

Views on Liquor.

Walter and William Saxton are interested in airplanes, but they don't believe they will spend much of their fortune on the aircraft.

"I can get a drink of red eye or a little gin and tonics for \$7.00," said Walter, "but I'll be in the airplane ride with

be the best. You can get the same results from either one. They'll both kill you."

Walter and Mr. Hart have been sections in different cemeteries ever since they can remember.

"We been buryin' 'em fast as they'd die," said Mr. Hart. "But I reckon we'll retire now. Maybe not though."

Mrs. Colby isn't sure what she'll do with her money. Neither is Mrs. Charles Saxton sure what she will do with her husband's, but Elsie, Mich., is going to have some thrills, she said.

"I guess we could all go in the moving picture business," said Mrs. Caroline Hart. (She doesn't like to be called Carrie.) "But maybe we'll all retire now."

"Pretty hard to quit work," said William Saxton, "we've been working so long. Gee, I'm kinda glad we heard about it, though. No, I ain't got no daughters for any one to marry."

Mrs. Charles Saxton said she had two daughters, but thought they could take care of themselves.

Meantime 11 lawyers, who have been in the litigation, were conferring in the judge's chambers on a tombstone to be erected over Mr. Cowan's grave.

"I hope them lawyers leaves us some of the money," said Walter.

DOG SEEKS AID FOR DYING

Whines in Vain to Obtain Help for Mistress Who Dies Suddenly.

Los Angeles.—Doughboy, a pedigreed bulldog, owned by T. C. Stevens of the bond firm of Stevens, Pace & Sterling, was credited with an almost human attempt to summon help when Mrs. Stevens' aunt, Mrs. C. F. Endly, died suddenly at San Diego.

The dog, a thoroughbred in which the owner takes considerable pride, was left in Mrs. Endly's care by Mrs. Stevens.

During the night Mr. Endly was awakened by Doughboy. The dog was whining and meaning with such persistence that Mr. Endly fearing his wife would be disturbed, went to the door and calling softly to the dog finally induced him to go into the other room. Doughboy exhibited a strange restlessness, resisting all efforts to quiet him. The man was puzzled. Only after a considerable time did he induce Doughboy to lie down. Then Mr. Endly went to sleep.

In the morning he found his wife's lifeless body. Doctors were immediately called. They pronounced it a case of heart failure and declared that Mrs. Endly had been dead several hours.

WOMEN MOTOR COPS

Some of the squad of London women motorcycle police starting off on duty. These policewomen did such fine work that the machines, which they run themselves, were given them so they might do greater work.

OIL OUTPUT 366,255,611 BBLs.

Production for 1919 Shows Increase of 24,000,000 Barrels Over That of 1918.

Oil City, Pa.—Oil production in the United States during 1919 was 366,255,611 barrels, an increase of more than 24,000,000 barrels over the previous year, according to the annual report of the Oil City Derrick, made public recently.

The figures are based on pipe line receipts, reported monthly, estimates of pipe lines not reported, and estimates of tank car shipments from fields where no regular pipe line service existed.

The 1919 report is a new high record in the annual petroleum output of the United States, according to the review. Fields which showed gains were North Carolina, Texas, North Louisiana, Gulf Coast, Kentucky, Wyoming and the Lima districts. Losses were recorded for Kansas, Pennsylvania, West Virginia and southeastern Ohio.

Fishing With Axes.

Edwardsville, Ill.—Fishing with axes is a "sport" in Illinois now. In the ponds and lakes around Edwardsville the fish come up close to the frigid coating to get air. They may be seen through the clear ice. The "hunt" starts the ice just above the fish, which is stunned by the concussion. A hole is then chopped and the fish taken out. Numbers of fine catches are obtained every day by this method.

## The New Karo Maple

Don't Worry About the Scarcity and High Price of Maple Syrup. Lots of Karo Maple at Your Grocers

THE economy of Karo Maple Flavor is not the real reason for its popularity.

The delicious flavor of the new Karo Maple Flavor comes from the finest and purest of maple sugar. That is why people find it so delightful for pancakes and waffles.

Karo Maple Flavor is absolutely pure and wholesome. These are important facts, but

they mean little to the average man or boy. It's good—that's all they want to know.

Be sure to ask your grocer for Karo Maple in the Green Can. It is guaranteed to please you, or your grocer returns your money.

3-16-42 CHARLES M. DIEHL.

**Go to California.**  
Edward W. Maurath, of South Williams street, leaves Wednesday evening for California, where he will remain some time in an endeavor to benefit his health.

**Sister Is Ill.**  
Mrs. A. M. Vanatta, of Tenth street, has been called to Bancroft by the illness of her sister, Mrs. R. Thomas, who is ill with influenza contracted while nursing in the family of Mayor Swope at Adamsville.

**Wife Given Lenten Service.**  
Lenten service at St. John's Evangelical church, Wednesday evening at 8 o'clock, Rev. E. N. Kraft will speak on the subject: "Christ Before the Masses."

**Tables Hospital Position.**  
Luella Sachs Chidlow has accepted a position in the Citizens' hospital at Harrison.

**Birth Announcement.**  
Mr. and Mrs. Charles L. Ocken of Ashland, O., announce the birth of a son, Saturday, March 13th Mrs. Ocken formerly Miss Helen Allen of this city. Taken New Freedom.  
Miss Ruth McPeak has accepted a position with the Meyer Lindorf Company.  
**Plan Menial Operation.**  
Raymond Suttles the 8 year old son of Mr. and Mrs. S. E. Suttles of Ninth street was taken to the Private Hospital and Monday morning in Criss Brothers

ambulance and in the afternoon underwent an operation for mastoiditis. Drs. J. J. Price, W. E. Boyer and W. E. Shrontz were the attending physicians. The boy became ill on last Friday. His condition today is favorable.  
Takes Position as Embalmer.  
J. Benton Moore has accepted a position as an embalmer for Criss Brothers undertaking firm.  
Granny Finds Cope.  
Granny Elbin was picked up by a local patrolman in a state of intoxication and was fined \$5 and the costs in municipal court today. Granny states that he located his lost cache and has a few small bottles of the booze substitute still on hand.  
Will Initiate Class.  
There will be an initiation of a number of candidates at the Elk club this evening which will be followed by a social session in the newly decorated club rooms, the finishing touches having been put on today. An initiation of officers takes place at the first meeting in April when Mandel Brashear leaves the chair of Exalted Ruler to be succeeded by Gus Weigand.  
Return From Florida.  
Mr. and Mrs. W. E. Miller have returned from an eight-weeks' sojourn in Florida, the greater part of which time was spent at Miami and vicinity. They enjoyed ideal weather and picknicked along the beach while the thermometer hovered around zero in Newark. Mr. Miller also landed several strings of good sized fish.  
Shop Workman Injured.  
W. H. Ryan, employed in the saw shop at the J. & O. shops, suffered several cuts about the head this morning when a pulley slipped, striking him on the head. Criss Brothers' ambulance took Ryan to the City Hospital where Dr. J. Davis dressed the injuries and he was later removed to his home, 429 East Main street.  
Returns to Work.  
Edward Weisgerber returned to work at the B. and O. shops today. He has been off for two weeks, owing to a broken thumb.  
Wind Damaged Roof.  
The heavy wind storm of Monday afternoon tore a part of tin roof off the Orpheum building. For a time the street was roped off to prevent an accident.

**HINDENBURG.**  
(Continued From Page 1)  
debate there has been fighting about the central postoffice. Conservative parties in Germany are declared to be supporting the new government without, however, being directly identified with it. Westphalian miners are said to take a neutral attitude, the only condition they have laid down being that the republican constitution be maintained.

**Copenhagen, March 15.**—President Ebert in officially notifying Dr. Wolfgang Kapp and his associates in the new German government that no negotiations would be held between officials of the two regimes, declares he would direct the country's affairs with Weimburg as the capital, according to a Berlin dispatch.

**Copenhagen, March 16.**—Reports of negotiations for a compromise between the Ebert government and the reactionary regime at Berlin are untrue, according to a telephone dispatch from Hamburg to the Social Democrats at midnight. It was said these rumors were spread by adherents of Dr. Wolfgang Kapp, the new chancellor in Berlin "to deceive the public."  
Workers at Kiel have suppressed an attempted military counter revolution there and the situation is well in hand, says advices to the Social Democrats from that city.

**Copenhagen, March 15.**—Direct telegraphic communication with Weimburg was opened today and was evidently arranged to facilitate the circulation of news concerning the Ebert government, independent of the Berlin authorities. Gustav Naebe, minister of defense in the old government has issued a decree, forbidding the circulation of propaganda issued by Berlin authorities in territory outside that city.

**Amsterdam, March 16.**—A dispatch to the Handelsblad from Berlin today says that a soviet republic has been proclaimed at Hof, Bavaria. (Hof is in northeastern Bavaria, 30 miles northwest of Bayreuth. It has a population of about 25,000.)

**Copenhagen, March 16.**—Thirty persons were killed including some women and children, in yesterday's fighting in Hamburg between citizen guards and police troops, advices from that city state.

**London, March 16.**—The national strike on the German railways was set to begin this morning, says a message to the Exchange Telegraph company from Berlin filed yesterday. The railway men's officials have declared themselves in solidarity with the workmen of the country. The railway men's central committee adds the message, "moving from place to place, bearing arrest by officials of the 'Kapp' government."

**Keeping Time.**  
Why does that composer overhead have to go tramping around?  
"Sh-sh!" He's composing a march in his head. He's not composing a gallop—Judge.

**SAINT PATRICK'S DAY DINNER TO BE GIVEN HERE**

Two Catholic Parishes Will Observe Day Commemorating the Death of Ireland's Patron Saint.

A St. Patrick's day banquet and entertainment will be given at the Knights of Pythias hall in East Main street, Wednesday evening, March 17. The dinner will be served from 4 to 8 o'clock and following this a short program will be given. The event is planned by the combined efforts of the Blessed Sacrament and St. Francis de Sales parishes, the proceeds to be used in beautifying Mt. Calvary cemetery. During the evening music will be furnished by a Granville orchestra and a double quartet will sing patriotic and Irish melodies.  
The out of town speaker will be James McHugh of New Haven, Conn., who served 14 months in France as sergeant major with the A. E. F. He is organizer in Ohio for the Friends of Irish Freedom. The tickets for the dinner are selling for \$1.

**HISTORY OF ADDING MACHINE IS GIVEN**

E. W. Adams, district manager for the Burroughs Adding Machine company was the chief speaker of the Kiwanis club, at the noonday luncheon Monday. Mr. Adams gave a brief history of the adding machine and its maker, Mr. Burroughs. He pointed out that the so-called adding machine functioned as bookkeeping and ledger machine.

The Kiwanis club reinstated Walter Bowers and gave him a royal welcome. Bowers was formerly with the Newark Advocate and is now employed at the Licking Creamery. Because of a change of occupation he was forced to suspend his membership, until the national headquarters passed on it. He was also a former secretary of the local club.

The local club has one more meeting before the national membership campaign ends.  
Harold Hartshorn, grocer, was the silent booster yesterday. His gift a large ham was presented to Rev. B. O. Weimar, a guest of Rev. George Bohon Schmitt. Other guests were A. L. Platt, E. W. Adams, T. D. Phillips and D. P. McDonald.  
Saxby Gibson who has been appearing at the Auditorium theater delighted the club with a number of saxophone selections.

**PREDICTS BIGGEST YEAR IN TWILIGHT LEAGUE**

Twilight baseball this summer will be the biggest event that ever struck Newark according to the interest already shown by the many individuals who are anxious to get the base ball league all set up before April.

The former idea of holding the league open to the factories only seems to be going out owing to the fact that when the next meeting is called several groups are asked to be present who do not represent a factory.  
On Wednesday night March 17 a meeting is called at the Y. M. C. A. and all the small factories as well as the large ones are expected to be represented. Representatives of the clerk's union and the printers are asked to be present. Undoubtedly the rules governing the league and all other detail matter will be agreed on at this meeting. It is therefore very important that representatives of all the factories who are interested in the Twilight league be present.

**YOU CAN CHANGE YOUR CLOCKS ON MARCH 28**

The time ordinance passed by the city council has become a law without the signature of Mayor H. A. Atherton. He did not favor the ordinance and neither would he veto it. Under its provisions the city adopts eastern time beginning at midnight Sunday, March 28, and continuing until the last Sunday in October. It is known as the daylight saving time and its adoption was urged by a number of factory managers and employees. It will also be an incentive for the promotion of another twilight league of baseball this season and will enable the heads of households to devote more time to their gardens.

No Mistle Dear, just because as called you a bird don't jump to the conclusion that he wants you to fly with him.

**COMPOSER'S KIN IS INVOLVED IN ROYALISTS' PLOT**

Colonel Lehar, brother of the famous composer, Franz Lehar, of "Merry Widow" fame, is now in charge of affairs in western Hungary. He is an ardent supporter of ex-King Charles and is said to be involved in the plot to smuggle him into the country from Switzerland. The plot was unorthodox recently.

**FAMOUS OLD ENGLISH "PUBS"**

Houses of Entertainment That Have Been Popular in the Little Isle for Centuries.

If the prohibitionists get their way, and close all the pubs in town and country, some long histories will reach a sudden close, remarks a writer in London Answers. It is a toss-up which is the oldest public house in England. The Trip to Jerusalem, at Nottingham, claims to be. It has perhaps survived, because it is hewn out of the rock below the castle. If a name is any guide, it apparently commemorates the Crusades, and Richard the Lion Heart is said to have drank ale there in 1193. That seems old enough for anything.

Still, there is The Fighting Cocks, at St. Albans, which can assuredly point back to 1250. Prior to that, it was the Monk's Fishing House. It is octagonal in shape, and its ceilings are not six feet high. Altogether a notable old pub.  
Nobody ought to go to Gloucester without seeing the Cathedral first and the New Inn second. The New Inn is one of the oldest inns in the country, and one of the most picturesque and best preserved.

The Seven Stars, at Manchester, is another old place, and so is the Rose and Crown at Rainbridge. In Wensleydale, probably this was the first Rose and Crown, which refers to the Tudor Rose, and it has been very extensively copied, for in the neighborhood of London alone, there must be a dozen of that name.  
**Blood-Sprinkling Natives.**  
New Guinea and holds fast to some of its gruesome social customs. Man-killing is viewed as a perfectly honorable act if the occasion demands it but the British government, through its agents, is trying to persuade the tribes that the killing of a wild bear, instead of a man is an equally sound proof of valor, and in many instances they have been successful. Some natives believe that the ghosts of the dead exert an influence on the local food supply, and in order to propitiate these food controllers they go head-hunting, and put the heads of their victims on a shrine bearing a carved representation of the ancestral ghost. In other parts of the island there is a conviction that a new house should not be occupied or a new canoe launched until it has been sprinkled with the blood of a man killed for the purpose.

**HEBRON WINS TWO GAMES FROM NEWARK**

After losing to Newark high Friday night Hebron high came back strong and trounced Newark, 29 to 12 on the Hebron floor Monday night. Hebron played a wonderful game. Reese scoring eight field goals, more points than all of Newark's team. The only accident marring the game was the injury of Keller, Hebron center, being shoved into the wall necessitating the calling in of a physician. Wilson played a good game for Newark.

The preliminary game between the Newark girls and Hebron girls resulted in a victory for Hebron, 13 to 1.  
Hebron Boys ..... Newark Boys  
Reese, r. .... Wilson, r. f.  
Buich, l. .... Orr, r. f.  
Keller, c. .... Stowell, c.  
Walters, r. .... Allen, r. g.  
Everett, l. .... Baker, l. g.  
Field goals—Reese 8, Burch 2, Keller 2. Walters 1, Morrison 1, Wilson 4, Stowell 1. Fouls—Hebron 1 out of 3, Newark 2 out of 12. Substitute—Reese for Orr, Morrison for Reese, Harlow for Orr. Referee—Roudebush, of Denison.

**Hebron Girls**  
Newark Girls  
M. Gockenbach, r. f. .... Ewing, r. f.  
Lawyer, l. f. .... Dewey, l. f.

T. Gockenbach, r. g. .... Andrews, r. f.  
Keller, l. g. .... Swank, l. g.  
Field goals—Hitt 2, M. Gockenbach 1, Lawyer 1, F. Gockenbach 2. Fouls—Hebron 1 out of 6, Newark 1 out of 4.

**FILM STAR PLEAS IN MUSICAL SHOW**

Miss Kitty Gordon in a new musical play, "Lady Kitty Inc." pleased a fair sized audience at the Auditorium the other last evening. The music, a part of it at least, was quite catchy, rendering all the more so by an augmented orchestra, the company carrying five special musicians. The play was handsomely mounted and the costumes were creations pleasing to the eye, especially those worn by Miss Gordon, and she changed her gowns with every appearance of the stage. She has a fine soprano voice with a wonderful range and her duets with Mr. Merky! called forth numerous encores. Jack Wilson as Gus, maintained his reputation as a high class negro comedian. Miss Gordon is a screen star and known as the international beauty.

**NEWARK GOLFERS WILL PLAY MT. VERNON TEAM**

Newark is to participate in the scheduled tournament of the Southeastern Ohio Golf association. The association is comprised of teams from Mt. Vernon, Zanesville, Cambridge, Coshocton, Newark and Lancaster.  
The Newark team will play Mt. Vernon at Newark on July 29 and at Mt. Vernon, June 10.

**Those Girls.**  
Maibel—The first time George proposed I didn't accept him.  
Rose—I know that, dear. You weren't there.—Answers.

**Suffered Stomach Misery for Years Finds Quick Relief**

"Redex Did Me More Good Than Anything I Have Ever Tried," Says George Stasel.

Many persons suffer from all kinds of complaints for years without knowing the nature of their ailments. The chances are that after one has doctored for liver trouble, nervous prostration, chronic headache or other diseases, it will be found that the cause of it all was stomach trouble.  
Redex, the new herbal system tonic, brings the sunshine of health to many persons who have long lingered in the winter of sickness. Numerous local men and women who have suffered from stomach disorders and its accompanying symptoms have already felt the sunshine of health, as their statements show.  
Among a number of statements recently received from Newark people endorsing Redex is one from George H. Stasel, locomotive engineer on the B. and O. railroad, living at 73 Willowood avenue, who says: "For ten years or more I have been bothered with indigestion and stomach trouble. My food always soured on my stomach, causing distressing pains and discomfort. I have also doctored myself for years for these troubles, but have never been able to get but temporary relief. My condition wore on my nerves and I had about given up all hope of overcoming my trouble. I started taking Redex recently and it has certainly done me the world of good. My food agrees with me and I have had no more attacks of indigestion. My bowels are regular and I am feeling fine in every way."  
"I am highly pleased with the results I have got from Redex. I have taken no other medicine so I know it has done the work."  
"If Redex only keeps me feeling as well as I am at the present time I shall be eternally grateful."  
There are thousands of others that will agree with Mr. Stasel in his opinion of Redex. As a general tonic and builder for the whole system this vegetable remedy is unequalled. If you suffer from any ailment of the stomach, liver or kidneys, no matter of how long standing, Redex will surely help you as it has helped others.  
The Redex man is at Erman's Arcade Drug Store, where he will cheerfully meet all comers and explain the merits of this new remedy.  
Redex can be had in Granville at Ullman's Drug Store; Alexandria, C. M. Gilmore; Hebron Drug store, Hebron.—Adv.

The Want Medium of Newark and Licking County—Advocate Class Ad

**LESSONS IN OPTOMETRY**

LESSON EIGHT.

Question: Speaking of near-sightedness, can it be corrected or cured?  
Answer: It can be corrected but not cured. The proper lenses placed before the eyes by an Optometrist will result in making the distance vision normal in many cases, and in improving it in every case.  
Question: Is myopia a handicap?  
Answer: A decided handicap, and it should always get prompt attention.  
Question: What is "progressive myopia"?  
Answer: It is a condition where the sight of a near-sighted person gradually becomes shorter, and because of the possibility of this condition arising all near-sighted children, especially, should receive the attention of an Optometrist as soon as possible.

## Take This Week To Select Your New Spring Suit

With Easter only two and a half weeks away, it's important you should select at once.

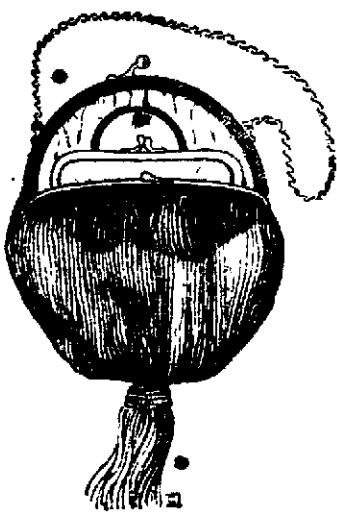

The new spring models are all on display, and the opening of the new season finds women keenly interested in the new styles. Then many of the most handsome suits are shown only one of a kind, and those who choose early will be the first to introduce the new styles.

There are beautiful suits of tulle, tulle and fine gaberdine, models in plain tailored, vest and blouse effect. Button, braid and belt trimmed.

### The Next Thought Should be of a New Blouse

Here again one has a beautiful assortment to select from. George Crepe is again the popular material, and besides white and flesh colors, one finds the colored blouse to match the suit highly favored. And it's not surprising when one sees the stylish models in suit shades, including navy, brown, taupe, etc. Many showing combination of two colors, while others are beaded or braided in striking designs.

## A Handsome Bag

To harmonize with the rich beauty of your spring suit. They cannot all be described here but among these most striking are beautiful fine beaded bags, in various shapes, round, square or long. Some combine delicate shades of white, pink and gold others are dark shades such as navy and gold, navy and black and various dark combinations.

NOVELTY HANDKERCHIEFS AT 25c EACH. Are all the rage to carry in your purse or in the suit pocket. Shown in dark colors, in rich Persian designs.

**W. H. Mazy Company**

## COUNCIL PROVIDES FOR PURCHASING DEPARTMENT TO CURTAIL EXPENSES

Passes Ordinance Placing City Buying Under Control of Service Director—Will Have Charge of Construction and Repairs For All Departments.

A purchasing department for the city will be inaugurated through an action of the city council, which met last evening, and all goods, material, all repairs and anything to be sold by the city must be done through that department, which will be under the supervision and management of the service department. All members of council were present.

The report of City Auditor Cliff Frye was read, which gave the distribution of the tax settlement received from the county auditor to the various funds as follows:

General fund, \$3,661.74.  
Safety fund, \$16,939.30, less an advance of \$14,000, leaving a balance of \$2,939.30.  
Public health fund, \$1,748.51.  
Public service, \$8,410.50.  
City hospital, \$1,235.18.  
Public library, \$705.82.

**Sinking Fund.**  
Special assessment bonds and interest, \$24,506.12.  
General bonds and interest, \$70,581.59.

Total, \$137,671.03.

Auditor Frye appended a few notes to his report, in which he criticized the expenditure of money in the safety department and especially in the purchase of a Ford machine, which he stated should be disposed of at once, and which recommendation will be acted upon.

The report of City Solicitor H. C. Ashcraft stated that judgment had been rendered by the court of appeals in the case of the American Bottle Company versus The City of Newark in favor of the defendant for the sum of \$7,301.09. He also stated that the court entries of suits in which the city was interested had been left on file with the city clerk.

The report of the lady board of managers of the city hospital disclosed that the receipts of that institution from January 1, 1919, to December 31, 1919, had been \$24,321.78 and the expenses for the same period, \$22,375.47, leaving a profit of \$1,946.31.

City Engineer C. H. Wells reported his estimate on the paving of Merchant street, the total cost of which will be \$10,116.70, the cost of the work to be \$1,057.58, making an assessment per front foot of \$5.58.

Engineer Wells also gave an estimate of \$317.79 for the construction of a sewer in the alley north of Church street between Eighth and Ninth streets, and which will be paid by the owners of ten dwellings which will be benefited, costing \$31.98 each.

A protest from W. H. Anderson was received against the construction of a sewer in Anderson court, also a protest from John and Florence Livingston. They were referred to the law committee.

Twenty-two property owners in Channell street protested on the paving of that thoroughfare at the present time, stating that it was their belief that the work should be deferred for a year or two when it was more than probable that materials would be cheaper. It also was referred to the law committee.

An ordinance by Councilman Faust was given its first reading and which provides that all vehicles must come to a full stop where a street or inter-urban car has stopped to take on or discharge passengers and wait until the car moves on before the driver may proceed.

An ordinance by Councilman Krauber was given its second reading which regulates the use of streets and fixes fees for storing and selling gasoline, oil and other services.

An ordinance by Councilman Faust and Krauber was passed under a suspension of the rules establishing a department of purchase, construction and repair, under provision of the general act of Ohio, and which shall be under the management and control of the director of public service.

An ordinance by Councilmen Keyes, Krauber and Faust was passed under a suspension of the rules, which amends the appropriation ordinance for the fiscal half year ending June 30, 1920.

A resolution to sell a Ford car which was purchased by the safety department was given its first reading.

A resolution to construct a sewer in Anderson court was also given its first reading and the following resolutions were adopted upon roll call and under suspension of the rules:

By Riggs and Gearhart: Fixing the value and depths of certain lands abutting on Indiana street between Front and Buena Vista streets.

By Riggs and Gearhart: Fixing the value and depths of certain lands abutting on the Mt. Vernon road between Church street and the north

corporation line.

By Redman: Declaring it necessary to improve Anderson Court by constructing a sewer there.

By Riggs: Granting permission to Robbins Hunter to construct a driveway from Granville street across the sidewalk into his residence property.

By Gearhart: Granting permission to Perley J. Fairall to construct a driveway from Hudson avenue across the sidewalk into his residence property.

By Keyes: Declaring it necessary to construct sidewalks on the north side of Mahalm street between South Williams and West Main street.

By Redman: Declaring it necessary to construct sidewalks on McKinley avenue, Wing street and Madison avenue.

By Wolverton: Authorizing and directing the director of public service to put South Second street in a passable condition at once.

By Riggs: Declaring it necessary to improve the first alley north of Church street between Ninth street and the first alley east of Flory avenue by constructing a sewer there.

By Riggs: Declaring it necessary to improve Merchant street from Eleventh to Thirteenth street by curbing and paving the roadway.

The service director was instructed by council to take the new sewer recently purchased and improve Prior avenue, Eleventh street, Chester street and South Second street, and put the roads in a more passable condition.

The Midland Shoe Company entered a protest against the condition of Eleventh street, stating that it was almost impossible to ship goods from the factory owing to the fact that average loads could not be hauled over the roadway.

### ASKS NEWARK TO SEND DELEGATES TO MEETING

The Newark Chamber of Commerce has been asked to send delegates to the National Foreign Trade Council, which will be in session in San Francisco from May 12 to 15, inclusive.

The meeting will be attended by the big business interests of this and foreign countries. Special trains will carry the delegates and following the convention a special trip of three weeks is being arranged to the Hawaiian Islands. Any member of the Chamber of Commerce or other person desiring to attend the convention will be given credentials from the Chamber.

### THORNTONVILLE.

Nelson Skinner, manager of the Lancaster telephone plant, was here over Sunday with his family.

John R. Taylor of Newark is visiting here.

Rev. Harry P. Long and family were in Newark, Wednesday.

Oscar Neel has been ill for the past month.

Mrs. A. A. Vost is quite ill.

Leroy Kolanek never has taken a position with the Farmers Hardware Co. Mr. and Mrs. Henry Fink returned home from Florida, after spending the winter there.

William Tavenor of Lima was the guest of his sister and husband here the past week.

Mrs. Ann Long, after visiting with her son, returned to her home near Wooster, Wednesday.

John Alspach of Lancaster is a guest of his sister, Miss Mildred Alspach.

J. H. VanHorn of Columbus was calling on friends here last Saturday.

Mrs. Leroy Suit is visiting her daughter, Mrs. Charles Cooperider, at Johnstown for a few days.

Rev. Mr. Jacobs preached at Somerset last Sunday afternoon.

Earl Moran spent Saturday night with his sister, Mrs. George Lynn, and family.

Mr. and Mrs. B. L. Bebout and children called on Mr. and Mrs. A. Oatman Sunday afternoon.

Earl Brand and sister, Eleanor, are ill.

Miss Ethel Weiss returned home Sunday, after spending two weeks with Mr. and Mrs. George Lynn.

Mr. and Mrs. E. H. Bebout spent from Friday until Sunday with their son, John, of Columbus.

Mrs. Dan Myers is spending a few days with Mrs. Sarah Oatman.

Mrs. Lizzie Holton and daughter, Grace, called on Mrs. B. L. Bebout and family, Wednesday.

Saves Bridegroom Expense. The maidens of Denmark never receive a diamond engagement ring. A plain gold band is given them, which is worn on the third finger of the left hand. On the wedding day the bridegroom changes the ring to the third finger of the right hand, which is the marriage finger in that country.

**Wild Fowls' Triangle.**  
When flocks of wild ducks and geese have to go long distances they form a triangle to cleave the air more easily and the most courageous bird takes position at the forward angle, as this is a very fatiguing post, another bird follows and takes the place of the first as it becomes tired.

**WENDELL'S PILLS**  
**AMBITION BRAND**  
For Nervous People

The great nerve tonic—the famous Wendell's Pills—Ambition Brand—that put vigor, vim and vitality into nervous tired out all in, despondent people in a few days in many instances.

Anyone can buy a box for only 50 cents and T. J. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous disorders, indigestion and nervous prostration caused by overindulgence in alcohol, tobacco or overwork of any kind.

As a treatment in afflictions of the nervous system, Wendell's Pills, Ambition Brand, is recommended as being general and approved, while for nervous trembling or despondency, they are simply splendid.

Sixty cents of T. J. Evans and dealer everywhere.—Adv.

## WAS BADLY RUN-DOWN FROM PNEUMONIA

Mrs. Washburn quickly regained her strength and flesh.

"I had gripped, followed by pneumonia. It left me with a terrible soreness in my chest—constant pain in my throat and so weak and nervous I could neither eat nor sleep. I had a chill every morning. One fine day a young man, told me how Mike Emulsion had got him out of bed and built him up after he had been reduced to a skeleton and I given up by the doctors. So I tried it. I have gained strength, appetite and flesh, sleep better than I have for years, am doing all my own work again and feel like a new person."

The beauty about Mike Emulsion is that it doesn't wear out like most things, and is so pleasant to take. It is a food as well as a medicine and builds up the blood and tissues. It surely put new blood in my veins and I have the healthiest color I ever had.—Mrs. M. Washburn, El Centro, Cal.

It costs nothing to try Mike Emulsion. It will build you up more quickly, restore you to anything else. Mike Emulsion is a pleasant, nutritious and effective medicine. It restores the natural power of the digestive system, puts the digestive system in shape to assimilate food, cures stomach trouble and constipation, are usually relieved in one day. This is the only solid cod liver oil, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Mike Emulsion on unguaranteed. Take six bottles with you and if according to a doctor's advice and if not satisfied with the results, your money will be promptly returned. Price 60c and \$1.20 per bottle. The Mike Emulsion Co., 111 E. 11th St., Ind. Sold by druggists everywhere.

Guaranteed by W. A. Egan, T. J. Evans, West End Pharmacy.
